VIA EFIS

Secretary
Missouri Public Service Commission
Governor Office Building
200 Madison Street
Jefferson City, MO 65101

Dear Secretary:

Enclosed herewith for filing with the Missouri Public Service Commission is a revised tariff sheet, P.S.C. MO. No. 5 Consolidated, Two Hundred and Thirteenth Revised Sheet No. 29, which is applicable to both divisions of Laclede Gas Company ("Company"). This revised tariff sheet, which has an issue date of October 31, 2008, and an effective date of November 17, 2008, reflects the scheduled November Purchased Gas Adjustment ("PGA") of the Company as provided by Sheet Nos. 15 through 28-i of the Company's tariff. Such revised PGA rates, which will be made effective on a pro-rata basis, include changes to both the Current Purchased Gas Adjustment ("CPGA") and the Actual Cost Adjustment ("ACA") factors for natural gas and subdivision propane customers.

As a result of this filing, the Company's underlying charge for natural gas for firm sales customers will decrease from \$1.06994 per therm to \$.83163 per therm primarily due to the steep decline in wholesale natural gas prices that has occurred since the Company established the PGA factors that became effective in June 2008.

It is important to note that the Company estimates that it has saved its customers over \$20 million over the past year by making certain sales of gas and pipeline capacity into off-system markets and purchasing gas under arrangements with favorable pricing terms and conditions.

The natural gas PGA rates provided herein will decrease the natural gas bill of the typical residential heating customer by approximately 17% compared to existing rates. If the proposed PGA rates remain in effect for the entire winter, the natural gas bill of the typical residential heating customer will be approximately 2% lower than last winter due to reduced rates.

Sincerely,

Handwritten signature of Kenneth J. Neises in black ink.

Kenneth J. Neises
Executive Vice President
Energy & Administrative Services
