SECTION 3 -DESCRIPTION OF SERVICE, CON'T.**3.4 ICS Prepaid Institutional Calling Services, Con't.****3.4.1 General, Con't****A. Option A: Prepaid Debit Account**

With a Prepaid Debit Account, each inmate has the option to transfer funds from his/her commissary account to their telephone account. This is accomplished by facility personnel or through a direct interface between the commissary system and the inmate phone system. This account is associated with the inmate's Personal Identification Number (PIN.) When the inmate places a call, he/she has the option of calling collect or prepaid/debit. Once debit is selected, the inmate enters the PIN and called telephone number. All deposits to the account are paid to and handled by the Institution. The Company receives payment from the Institution; it does not engage in direct monetary transactions with the inmate.

The Company's system automatically informs the caller of the Available Usage Balance remaining in the Prepaid Debit Account, and provides prompts to place the call by entering the destination telephone number. Network usage is deducted from the Available Usage Balance in the account on a real time basis as the call progresses.

Payment for Prepaid Institutional Calling Services and any Available Usage in the Prepaid Debit Account is refundable upon request after release of the inmate from the Confinement Institution. The Available Usage Balance expires twelve months from the date the last call is made on the Prepaid account. No refunds of unused balances will be issued after the expiration date.

SECTION 3 -DESCRIPTION OF SERVICE, CON'T.**3.4 ICS Prepaid Institutional Calling Services, Con't.****3.4.1 General, Con't****B. Option B: Prepaid Collect Service**

Prepaid Collect Service is available for those parties (Customers) who receive collect calls from inmates in Confinement Institutions. A prepaid account is set up by the Company for the Customer. Once an account is established, all collect calls from the facility to the telephone number associated with the prepaid collect account are automatically processed as prepaid collect. If the payment into the account is provided via the Customer's credit card, credit verification procedures are carried out under the terms specified in Section 2 of this tariff. Deposits to the account are paid to and handled by the Company via arrangement with a specified financial institution. The Company does not engage in direct monetary transactions with the inmate.

The Company's system automatically informs the account holder of the Available Usage Balance remaining in the Prepaid Account prior to acceptance of the call. Network usage is deducted from the Available Usage Balance in the account on a real time basis as the call progresses. The account holder will also receive a reminder message when the account balance has one minute of usage remaining. All calls must be charged against an Account that has sufficient available balance. Calls in progress will be terminated by the Company if the balance on the Account is insufficient to continue the call.

Payment for Prepaid Institutional Calling Services and any Available Usage in the Prepaid Account is refundable upon request by the called party. The Available Usage Balance expires twelve months from the date the last call is made on the Prepaid account. No refunds of unused balances will be issued after the expiration date.

Prepaid Institutional Calling Services are available 24 hours a day, seven days per week. Access to telephone service by an inmate may be subject to time of day and usage restrictions imposed by individual Confinement Institutions. No minimum service period applies.

Network usage for Prepaid Institutional Calls is deducted from the Available Usage Balance in full minute increments. For debiting purposes, call timing is rounded up to the nearest one (1) minute increment. Usage charges are computed and rounded up to the nearest penny on a per call basis. Prepaid accounts (Options A and B) may be replenished; the minimum initial deposit or replenishment amount is \$25.00.

SECTION 4 - RATES, CON'T.**4.6 Miscellaneous Charges****4.6.1 Billing Cost Recovery Fee**

In order to partially offset increased expenses associated with billing calls via local exchange carriers, an undiscountable billing cost recovery fee may apply each billing period in which local or long distance collect calls are billed through a Customer's local exchange carrier. Where applicable, this fee will be charged only once per billing period regardless of the number of calls. The fee will not apply in any billing period in which no collect calls are billed via the Customer's local exchange carrier. This fee does not apply to prepaid services paid for by commercial credit card, check, money order or wire, or for services billed directly to the Customer by the Company.

Billing Cost Recovery Fee, per month where applicable, up to \$2.49

4.6.2 Voice Verification Service

Voice verification Service is an optional service that provides validation of the inmate's identity through voice verification technology for purposes of improved security and reduced potential of fraud and Customer harassment by inmates. This charge applies to automated calls placed by inmates of correctional facilities when such calls are provided through the Company's own processing equipment. Where Voice Verification Service is requested by correctional facilities, this charge applies in addition to all applicable institutional rates and charges as specified in this tariff.
