RE: File No. EW-2009-0412

Dear Mr. Reed:

Attached to this letter is AmerenUE's presentation given at the July 30, 2009 workshop regarding the potential revision of the Missouri Public Service Commission's Integrated Resources Planning rules. I have also included additional information which was referenced during the discussion. Those are the California Public Utility Commission Proposed Planning Standards and the Aspen/E3 Survey and a presentation from the Regulatory Assistance Project in which results from their survey on planning issues are summarized

Sincerely,
