Greater Missouri Operations Company for ) **Case No. ER-2010-0356**  
Approval to Make Certain Changes in its )  
Charges for Electric Service )

**RESPONSE TO ORDER DIRECTING FILING**

Kansas City Power & Light Company (“KCP&L”) and KCP&L Greater Missouri Operations Company (“GMO”) (collectively “the Company”) provides its response to the Commission’s October 29, 2010 Order. The Commission ordered the Company to state why the document in question is considered confidential and why it should not be made public in light of its availability to Mr. Wagner via a vendor.

1. The document in question is entitled “Luminaire Classification System for Outdoor Luminaires” and was prepared by the Luminaire Classification Task Group of Illuminating Engineering Society of North America (“IESNA”). The document was purchased by the Company from IESNA and is protected by copyright. The document was purchased under the condition that it was for licensee’s use only and no further reproduction or networking is permitted. The document is also subject to general copyright protection which states “no part of this publication may be reproduced in any form, in any electronic retrieval system or otherwise, without prior written permission of the IESNA.” It is the Company’s understanding that the document may be purchased for \$25.00 at [www.IESNA.org](http://www.IESNA.org).

2. In light of the fact that the document is protected by copyright and that Mr. Wagner can purchase the document, the Company requests that the document be kept confidential.

Respectfully submitted,
