RE: Liberty Utilities (Midstates Natural Gas) Corp. d/b/a Liberty
Case No. GT-2022-0118; Tracking No. YG-2022-0194

Dear Judge Woodruff:

On December 30, 2021, Liberty submitted a Verified Infrastructure System Replacement Surcharge ("ISRS") Application and a revised ISRS tariff. Liberty's current surcharge was established in Commission Case No. GT-2021-0073, effective June 1, 2021. That filing covered ISRS costs incurred during the period April 1, 2018, through October 31, 2020. The Company continued to make ISRS eligible investments, and the Application and revised tariff filed on December 30, 2021, reflect these additional investments covering the period November 1, 2020, through October 31, 2021.

Liberty's proposed revised ISRS tariff filed December 30, 2021, bears a proposed effective date of April 1, 2022, but the Commission suspended that tariff until June 28, 2022. Thereafter, with its *Order Approving Infrastructure System Replacement Surcharge* issued May 4, 2022, the Commission rejected the tariff sheet filed by Liberty on December 30, 2021 (Tariff Tracking No. YG-2022-0194). The Commission also authorized Liberty to change its surcharge to recover ISRS revenues in the amount of \$348,255 for Liberty's Northeast and West districts, and \$542,031 for the Southeast district, for a total increase of \$890,286, and authorized Liberty to file new tariffs to recover the revenue authorized in the *Order Approving Infrastructure System Replacement Surcharge* issued May 4, 2022, effective June 3, 2022.

In compliance with the Commission's *Order Approving Infrastructure System Replacement Surcharge*, Liberty is filing a revised ISRS tariff with an issue date of May 12, 2022, and a proposed effective date thirty days thereafter. Please do not hesitate to contact me with any questions or concerns you may have regarding this submission.

Sincerely,

Diana Carter
