**Re: Tariff Schedule to Adjust FAC Rate of
KCP&L Greater Missouri Operations Company - REVISED**

Dear Mr. Reed:

Pursuant to 4 C.S.R. 240-20.090(4) of the regulations of the Missouri Public Service Commission ("Commission"), KCP&L Greater Missouri Operations Company ("KCP&L-GMO" or the "Company") hereby submits proposed rate schedules to adjust charges related to the Company's approved Fuel Adjustment Clause ("FAC"). The proposed rate schedules bear an issue date of July 27, 2011, and an effective date of September 1, 2011. The Company has modified the aforementioned rate schedules based on MPSC Staff request to reflect the appropriate revision number and correct the applicable service period outlined in the title.

Please provide a copy of all correspondence, notices, orders, and other communications that relate to this filing to the following as well as undersigned counsel:

FAC net includable costs for the six month period ending May 31, 2011, have increased by approximately \$16.6 million above the base costs included in rates. In accordance with the FAC for KCP&L-GMO approved by the Commission, the proposed rate schedules are designed to recover from customers 95 percent of those net cost increases. The requested increase will

result in a decrease to a typical residential customer's bill of approximately \$0.73 per month for MPS and an increase of approximately \$0.36 per month for L&P.

As explained in the Direct Testimony and supporting schedules of Linda Nunn, previously submitted on June 29, 2011, the overall FAC continues to be positive because net fuel and purchased power costs continue to be higher than the base costs established in 2007. Also submitted on June 29, 2011 were schedules containing the information required by 4 C.S.R. 240-3.161(7), including all workpapers that support the proposed rate schedules.

Copies of the proposed FAC-related rate schedules and all supporting materials described in this letter will be served electronically, this date, on the Commission's General Counsel, the Office of Public Counsel, and each party to Case No. ER-2009-0090.

Respectfully submitted,
