**NOTICE OF COMMUNICATION**

Issue Date: February 5, 2013

At approximately 9:15 a.m. on Friday, Feb. 1, I was asked by administrative staff to join staff counsel Nathan Williams in the first floor records area to assist Jimmie Small, complainant in EC-2012-0050, who was seeking records in this case.

Mr. Small was seeking some type of affidavit and a copy of the federal contract on the Union Electric dam at Lake of the Ozarks. Neither record was found in EFIS. Mr. Small was advised that PSC did not have the records he sought. In a general regulatory context, Mr. Small was advised that the authority of the PSC is defined and limited by law; he could offer evidence in any proceeding, and that any decision of the Commission was subject to appeal.

Mr. Small was cautioned twice that I could not discuss any substantive issue pertaining to his case, or any contested case before the Commission.

The meeting with Mr. Small concluded at approximately 10:45 a.m.

Respectfully Submitted,

  
Mark Hughes  
Adviser to Commissioner Steve Stoll

Dated at Jefferson City, Missouri,  
On this 5<sup>th</sup> day of February, 2013.
