**Missouri Public  
Service Commission**

Dear Secretary,

This letter is an effort to bring a formal complaint on the Kansas City Power & Light regarding our account number 8505-91-9002. We request a hearing before a judge or panel to question the billings that we received. We have already discussed this with commission informally but not to my satisfaction,. Please gives us a date to present our case to the commission.

Sincerely,

Mark Nigro, Partner

Owner
