**AT&T MISSOURI'S OFFER OF LATE-FILED EXHIBITS 17,  
19HC AND 20HC, AND AT&T MISSOURI'S RESPONSE TO MISSOURI ONE CALL  
SYSTEM, INC.'S OFFER OF LATE-FILED EXHIBIT 18**

Southwestern Bell Telephone, L.P., d/b/a AT&T Missouri, ("AT&T Missouri") respectfully offers into evidence three "late-filed" exhibits (Exhibits 17, 19HC and 20HC), as described in greater detail below, and requests that the Commission admit them as evidence into the record of the case. AT&T Missouri also reports that it has no objection to admitting into evidence late-filed Exhibit 18 offered by Missouri One Call System, Inc. ("MOCS").

1. In accordance with the Commission's December 22, 2006, Order Requiring Late-Filed Exhibits and Directing Responses to Those Exhibits ("Order"), AT&T Missouri offers into evidence -- as Exhibit 17 -- a copy of the 811 service tariff filed by Illinois Bell Telephone Company d/b/a AT&T Illinois ("AT&T Illinois") with the Illinois Commerce Commission ("ICC"), bearing issue and effective dates of December 1, 2006 and January 1, 2007, respectively. It is not anticipated that the ICC will issue an order affirmatively approving this tariff. Rather, the tariff shall take effect absent an ICC order suspending it before its effective date; it is not anticipated that any such ICC order will be issued.

2. In addition, AT&T Missouri offers into evidence on a Highly Confidential basis -- as Exhibit 19HC -- a copy of the contract entered into between Pacific Bell Telephone Company d/b/a AT&T California ("AT&T California") and Underground Service Alert of Northern

California and Nevada relating to 811 service. AT&T Missouri also offers into evidence on a Highly Confidential basis -- as Exhibit 20HC -- a copy of the contract entered into between Nevada Bell Telephone Company d/b/a AT&T Nevada ("AT&T Nevada") and Underground Service Alert of Northern California and Nevada relating to 811 service. Exhibit 19HC is identical to Exhibit 10HC which was admitted into evidence during the December 21 hearing in this case, and Exhibit 20HC is identical to Exhibit 11HC, which was also admitted into evidence during the December 21 hearing in this case, except that Exhibits 19HC and 20HC (unlike Exhibits 10HC and 11HC) reflect the counter-signatures of AT&T California and AT&T Nevada, respectively. These counter-signature versions, dated December 20, 2006, were not available to AT&T Missouri when the December 21 hearing was conducted, but have been obtained by AT&T Missouri since. Both are no less relevant to the issue presented in this case as are Exhibits 10HC and 11HC, and AT&T Missouri notes that MOCS' objections to the admission into evidence of both Exhibits 10HC and 11HC were overruled at the hearing. (Tr. 83-84.)<sup>1</sup>

3. Finally, in accordance with the Commission's Order, AT&T Missouri reports that it has no objection to the admission into evidence of Exhibit 18 offered by MOCS (titled Independent Auditor's Report for MOCS, for the years ended December 31, 2005, 2004 and 2003).

In sum, AT&T Missouri respectfully offers into evidence Exhibits 17, 19HC and 20HC, and it has no objection to the admission of Exhibit 18 into evidence.

---

<sup>1</sup> To the extent it may be necessary in order to properly admit Exhibits 19HC and 20HC, AT&T Missouri requests that the Commission reopen the case pursuant to 4 CSR 240-2.110(8).

Respectfully submitted,  
SOUTHWESTERN BELL TELEPHONE, L.P.
