MISSOURI P.S.C. NO.1 – Comcast Phone of Missouri, LLC d/b/a Comcast Digital Phone

Attached are revisions to Comcast Phone of Missouri, LLC, d/b/a Comcast Digital Phone, P.S.C. Tariff No. 1, Access Service. This filing is scheduled to become effective on July 13, 2012.

The purpose of this filing is to implement the Federal Communications Commission's (FCC's) Second Order on Reconsideration, FCC 12-47, released April 25, 2012.

Background: On November 18, 2011, the FCC released FCC 11-161 and revised its policies and rules governing the billing of Switched Access Service, including the adoption of interstate originating access rates for carriers who exchanged traffic that originated or terminated in IP format. In December of 2011, the Company modified its filed tariffs to implement the FCC's directives set forth in FCC 11-161.

Today's Filing: As noted above, on April 25, 2012, the FCC issued its Second Order on Reconsideration with a proposed effective date of July 13, 2012. The FCC's Second Order reconsidered the intercarrier compensation framework for originating traffic that originated or terminated in IP format and modified 47 CFR part 51 to state (in part):

“Until June 30, 2014, intrastate originating Access Reciprocal Compensation subject to this subpart exchanged between a local exchange carrier and another telecommunications carrier in Time Division Multiplexing format that originates and/or terminates in IP format shall be subject to a rate equal to the relevant intrastate originating access charges specified by this subpart.”

With this filing, the Company revises the originating access provisions of its tariff to conform with the FCC's revised rules set forth in FCC 12-47. The proposed effective date of this filing is July 13, 2012. Customers have been notified of these rate changes.
