Missouri Gas Utility, Inc. is required to file tariff sheets to show the rates and conditions under which natural gas service will be offered in its expansion of its Southern Service Area, which serves the City of Warsaw, as well as the adjacent territory as approved in Case No. GA-2010-0289.

In reviewing the MGU tariff sheets filed on July 7, 2010, regarding the expansion of the Southern Service Area changes are required to correct an error in Sheet No. 4A.

Current Tariff Sheet	New Tariff Sheet	Concerning
Second Revised Sheet No. 4A	Third Revised Sheet No. 4A	Legal Description

With this correction, MGU believes that the tariff sheets are now complete and correct.
