This order directs that notice of this case be sent to all certificated interexchange and basic local exchange telecommunications companies in the state of Missouri and to the North American Numbering Plan Administrator. The order also establishes dates for the filing of requests to intervene and for the filing of recommendations.

On February 25, 2013, Southwestern Bell Telephone Company, d/b/a AT&T Missouri, filed an application and Motion for Expedited Treatment under 47 C.F.R. 52.15(g)(3)(iv) requesting that the Missouri Public Service Commission review and reverse a decision of the North American Numbering Plan Administrator (NANPA), NeuStar, Inc., to withhold certain numbering resources from AT&T Missouri. The numbering resources AT&T Missouri requested consist of one thousands-block from which two hundred (200) consecutive numbers can be drawn within (1) the 636 NPA, and (2) the Harvester rate center. The numbering resources are needed in order to meet the needs of General

Services Administration, acting on behalf of the Department of the U.S. Navy, located at the Inshore Boat Facility, Army Reserve Center in Saint Charles County, Missouri.

In addition, the Data Center shall send a copy of this order to the North American Numbering Plan Administrator, NeuStar, Inc.
