2.5   Contract for Service

Installation of certain services may require a contractual agreement between a Customer and
PAETEC. The contractual agreement specifies the terms and conditions of service not   (T)

term agreement, either the monthly recurring and usage charges, or the MMF amount, |
whichever is greater. Should the Customer choose to terminate their contract without cause |
prior to the agreed upon term, the Customer will be liable for the MMF specified in the |
contract multiplied by the number of months remaining in the term, unless Customer converts |
to another service provided by PAETEC with equal or greater term and MMF commitment. |
In the event PAETEC continues to provide service after the Customer contract is terminated |
or expires, then PAETEC shall continue to provide service to the Customer under the terms |
of the then applicable tariff and applicable terms of the expired contract under a month-to- |
month arrangement.   (T)
