**MOTION FOR EXPEDITED TREATMENT**

Comes now Union Electric Company, d/b/a AmerenUE ("Company"), in accordance with Missouri Public Service Commission ("Commission") Rule 4 CSR 240-2.080(16), and, as its Motion for Expedited Treatment, states to the Commission as follows:

1. With this Motion, Company is filing 18 tariff sheets related to compliance with the Consumer Clean Energy Act (Section 386.887, RSMo Supp. 2002) (hereinafter the "Act"). These tariff sheets contain an issue date of August 14, 2003 and an effective date of September 13, 2003.

2. The Act requires that public utilities have effective tariffs in place implementing its provisions by August 28, 2003. The Company has been working with Commission staff members in order to finalize the language contained in these tariff sheets to ensure they are consistent with the requirements set forth in the Act.

3. Because the subject tariff sheets carry an effective date of September 13, 2003, and because the Act requires electric utilities to have tariffs in place by August 28, 2003, the Company seeks the Commission's expedited treatment of these tariff sheets. To that end, the Company asks that the tariff sheets become effective on August 28, 2003.

4. The grant of this Motion may have a positive benefit for the Company's customers in that the Act, as enacted by the Missouri General Assembly, will be

implemented in a timely manner. This Motion has been filed as of the earliest date the Company knew of its necessity and could prepare the required documents.

WHEREFORE, for all the foregoing reasons, the Company respectfully requests the Commission to consider this Motion for Expedited Treatment and to approve the proposed tariff sheets effective August 28, 2003.

Respectfully Submitted,

Union Electric Company,  
d/b/a AmerenUE
