Case No. TA-2000-359

**STAFF MOTION TO WITHDRAW CONDITIONAL
APPROVAL OF CERTIFICATE AND CLOSE CASE**

COMES NOW the Staff of the Missouri Public Service Commission ("Staff") and states:

1. On December 3, 1999, Trans National Telecommunications, Inc. (TNT) applied to the Commission for a certificate of service authority to provide basic local and local exchange telecommunications services in Missouri. The Commission issued its *Order Granting Certificate to Provide Basic Local and Exchange Access Telecommunications Services* on April 20, 2000. In its *Order*, the Commission ordered that the "certificate of service authority shall become effective when Trans National Telecommunications Inc.'s tariff becomes effective."

2. TNT submitted a proposed tariff on May 15, 2000. The Staff reviewed the proposed tariff and requested that TNT make numerous changes to the tariff to comply with Commission rules. Among the problems identified by the Staff were that the proposed tariff lacks a Customer Rights and Responsibilities Statement as well as an explanation of the territories where TNT intends to offer service. TNT has not filed a revised tariff reflecting the changes requested by the Staff. Counsel for TNT filed fifteen (15) separate extension requests that have kept this case open up to today. The last TNT filing extended the effective date of the

36

tariffs to October 1, 2001. For these reasons, the Staff does not recommend approval of the proposed tariff.

3. Prior to filing this Motion to Withdraw Conditional Certificate and Close Case, the Staff contacted counsel for TNT and requested the revised tariffs and advised TNT that it was preparing to file this motion. Counsel for TNT indicated that TNT had yet to authorize its counsel to file the revised tariff.

4. Under Section 392.410 RSMo. 2000, a certificate of service authority shall become null and void if the authority granted by the certificate is not exercised within a period of one year from issuance. However, as stated above, the Commission's *Order* granting the certificate of service authority is to become effective when TNT's tariffs become effective. This would appear to indicate that Section 392.410 RSMo 2000 would not apply since the effectiveness of the certificate of service authority, and the one-year time limit for exercising the granted authority, is conditioned upon TNT's tariffs being approved.

5. The Staff sees little difference between a certificate of service authority that is issued and not exercised within one year, and an instance where a company is conditionally granted a certificate and similarly fails to exercise its authority within one year. Over fifteen (15) months have passed since the Commission granted TNT its conditional certificate. Accordingly, the Staff recommends that the Commission cancel TNT's conditional certificate and issue an order closing this case.

WHEREFORE, the Staff respectfully requests that the Commission cancel TNT's conditional certificate and close this case.

Respectfully submitted,

DANA K. JOYCE
General Counsel
