**MISSOURI DEPARTMENT OF NATURAL RESOURCES'
APPLICATION TO INTERVENE**

COMES NOW Missouri Department of Natural Resources (MDNR) and, pursuant to Commission Rule 4 CSR 240-2.075, respectfully requests that the Commission issue its order granting MDNR's Application to Intervene. For its Application, MDNR states as follows:

1. On April 9, 2012, Kansas City Power & Light Company (KCP&L) filed its Integrated Resource Plan (IRP) with the Missouri Public Service Commission (PSC). On April 12, 2012 the PSC issued its order setting May 3, 2012 as the deadline for interested parties to file applications to intervene.
2. MDNR, and specifically its Division of Energy, is a state agency vested with the powers and duties set forth in Section 640.150, RSMo.
3. MDNR has an interest different than that of the general public, and its intervention will serve a public interest in that the Division of Energy will be looking at the proposed filing from a formal policy and planning perspective as well as looking at the potential impacts on environmental quality. The Division of Energy's review also will be in relation to the mandate set forth in Section 640.150, RSMo, which includes planning for

energy resource development; analyzing energy management issues; consulting and cooperating with all state and federal governmental agencies on matters of energy research and development, management, conservation and distribution; assessing the potential impacts on environmental quality; and analyzing the potential for increased use of energy alternatives and making recommendations for the expanded use of such alternate energy sources and technologies.
