In the Matter of Ameren Missouri's Application for Authorization to Suspend Payment of Solar Rebates.

File No. ET-2014-0085

APPLICATION OF KANSAS CITY POWER & LIGHT COMPANY AND KCP&L GREATER MISSOURI OPERATIONS COMPANY FOR LEAVE TO INTERVENE OUT OF TIME

COMES NOW Kansas City Power & Light Company ("KCP&L") and KCP&L Greater Missouri Operations Company ("GMO") (collectively, the "Companies"), pursuant to 4 CSR 240-2.075 and hereby apply to intervene out-of-time and to become parties to the abovecaptioned case. In support thereof, the Companies state as follows:

1. KCP&L is a Missouri corporation, in good standing in all respects, with its principal office and place of business located at 1200 Main Street, Kansas City, Missouri 64105. KCP&L is engaged in the generation, transmission, distribution, and sale of electric energy and power in those areas in Missouri certificated to it by the Missouri Public Service Commission (hereinafter "Commission"), including the City of Kansas City, Missouri, as well as in areas of eastern Kansas. KCP&L's Certificate of Good Standing was filed with the Commission in Case No. EF-2010-0178 and is incorporated herein by reference.

2. GMO is a Delaware corporation with its principal office and place of business also at 1200 Main, Kansas City, Missouri 64105. GMO is primarily engaged in the business of generating, transmitting, distributing, and selling electric energy in those portions of northwestern Missouri certificated to it by the Commission. GMO provided its Certificate of Good Standing and its certificate authorizing it to do business in Missouri as a foreign corporation in Case No. EN-2009-0164 which is incorporated herein by reference.

3. The Companies are "electrical corporations" and "public utilities" as those terms are defined in Mo. Rev. Stat. § 386.020 (2000), and as such, are subject to the jurisdiction of the Commission as provided by law.

4. The Companies request leave to intervene in the above-captioned matter out of time. Commission Rule 4 CSR 240-2.075(5) states that applications filed after the intervention date may be granted upon a showing of good cause.

5. When the Commission set the intervention deadline the Companies did not plan on intervening because Ameren Missouri had not yet filed to suspend its solar rebate program. However, now that Ameren has filed this Application for Authority to suspend solar rebate payments, the Companies believe that intervention is necessary to protect the Companies' interests and to monitor the issues that arise out of the Application.

6. The Companies have a direct and pecuniary interest in this proceeding that is different from the general public. The Companies, like Ameren Missouri, have solar rebate programs and the Companies' programs could be impacted by a decision in this docket.

7. For the above-stated reasons, the Companies' interest in this proceeding is different from that of the general public and cannot be represented by any other party to these proceedings. Actions taken by the Commission in this proceeding may substantially affect the Companies' legal interests.

8. The Companies' participation will aid the Commission in resolving the issues raised in this proceeding. Consequently, the Companies' intervention and participation will promote the public interest.

9. The Companies accept the record established in this case, including the requirements of any orders of the Commission as of the date this application is filed.

WHEREFORE, Kansas City Power & Light Company and KCP&L Greater Missouri

Operations Company respectfully request that the Commission issue an order authorizing them

to intervene in the above-captioned matter.

Respectfully submitted,
