ORDER APPROVING TARIFF

Issue Date: October 13, 2010

Effective Date: October 23, 2010

On September 27, 2010, AT&T Communications and AT&T Missouri (AT&T) filed a motion asking the Commission to suspend and investigate a tariff filed by New London Telephone Company, a TDS Telecom Company. AT&T's motion explained that New London's tariff would modify existing intrastate switched access tariff provisions. The AT&T companies did not oppose the goal of revising the tariff provisions, but contended the tariff proposed by New London was vague, ambiguous, and should be clarified before it was allowed to go into effect. The Commission's Staff supported AT&T's motion to suspend the tariff.

In response to AT&T's motion, the Commission suspended New London's tariff until November 30, and directed New London and Staff to respond to AT&T's motion to suspend by October 5. New London responded by filing a revised tariff on October 1. Staff filed a recommendation on October 4 advising the Commission that New London's revised tariff addresses the concerns that Staff had with the original tariff. Staff recommended that the Commission approve New London's revised tariff. On October 5, AT&T filed a notice indicating that it also is satisfied with New London's revised tariff and no longer objects to that tariff.

Based on Staff's recommendation and AT&T's withdrawal of its objection to New London's tariff, the Commission will approve that tariff.
