APPLICATION TO INTERVENE OF WALMART INC.

COMES NOW Walmart Inc. ("Walmart"), and pursuant to 20 CSR 4240-2.075, applies to intervene in the above case. For its Application, Walmart states:

- 1. On July 14, 2022, Ameren Missouri filed tariff sheets and direct testimony outlining its proposed subscription-based renewable energy program. Within its filing, Ameren Missouri notes that its program would be available to large commercial, industrial, and governmental customers and their affiliated accounts. The matters to be considered in this case and the Commission's determinations thereon, could have a direct and significant impact on the cost and program design related to the large commercial and industrial customers that may participate in the program.
- 2. Walmart is a large commercial customer of Ameren Missouri. As a large commercial entity, Walmart has an interest that is different than that of the general public and may be adversely affected by a final order of the Commission in this matter. Walmart's intervention will serve the public interest by assisting the Commission's record for decision in this case.
- 3. Walmart has not formulated a position on the issues in this case and reserves the right to take positions on specific issues as this case proceeds.
- 4. Pleadings, notices, and other correspondence in this case should be directed to undersigned counsel.

WHEREFORE, Walmart respectfully requests that the Commission issue its order granting its Application to Intervene and that it be made a party hereto with all rights to participate in this matter.
