ADDITION TO LIST OF ISSUES

COMES NOW Midwest Energy Consumers Group and for its Addition to the List of Issues filed by Staff on October 11, 2012, respectfully state as follows:

1. On October 11, 2012, Staff filed its List of Issues, Order of Witnesses and Order of Cross-Examination for both the pending KCPL (ER-2012-0174) and GMO (ER-2012-0175) rate cases. While preparing MECG's Statement of Positions, it was noticed that two issues were excluded from the October 11, 2012. Those issues, and the related witnesses, are as follows:

KCPL: How should Administrative and General costs be allocated among the various customer classes? (KCPL: Rush & Normand; Staff: Scherperle; KCPL Industrials: Brubaker; MGE: Cummings; OPC: Meisenheimer; MEUA: Don Johnstone; FEA: Goins)

GMO: What is the appropriate level of transmission revenues? (KCPL: Weisensee; Staff: Harris; MECG: Dauphinais).

2. It is MECG's understanding that the KCPL issue will be litigated at the same time as the other class cost of service / rate design issues, on October 29, 2012, and that the GMO transmission revenues issue will be litigated with the transmission tracker issue on October 24, 2012.
