

**BEFORE THE PUBLIC SERVICE COMMISSION
OF THE STATE OF MISSOURI**

In the Matter of Kansas City Power & Light)
Company's Filing for Approval of Changes to) File No. ET-2016-
Certain MEEIA Cycle 1 Demand-Side Programs)

**KANSAS CITY POWER & LIGHT COMPANY'S
MOTION FOR EXPEDITED CONSIDERATION AND APPROVAL OF
TARIFF SHEETS ON LESS THAN THIRTY DAYS' NOTICE**

COMES NOW Kansas City Power & Light Company ("KCP&L" or the "Company") and hereby files its Motion for Expedited Consideration and Approval of Tariff Sheets on Less than Thirty Days' Notice ("Motion"). In support of its Motion, KCP&L states as follows:

1. The program tariffs approved by the Missouri Public Service Commission ("Commission") for KCP&L MEEIA Cycle 1 programs expire on December 31, 2015. The Company filed its MEEIA Cycle 2 program on August 28, 2015 in File No. EO-2015-0240. The Company requested a January 1, 2016 effective date for the Missouri Energy Efficiency Investment Act ("MEEIA") 2 Cycle 2 program tariffs so that there would be no gap between the cycles and MEEIA programs would be continuously available.

2. Due to the revised procedural schedule recently ordered in File No. EO-2015-0240, the Company's Cycle 2 MEEIA programs will not become effective on January 1, 2016. Therefore, the Company will need to extend certain of its MEEIA Cycle 1 programs so that no gap exists in the availability of certain key MEEIA programs.

3. In conjunction with this filing, the Company has filed revised tariffs for the programs listed below:

- Home Energy Report;
- Income Eligible Home Energy Report;
- Programmable Thermostat;
- Home Energy Analyzer; and
- Business Energy Analyzer.

4. These tariff sheets bear an issue date of December 11, 2015 with an effective date thirty days later. Section 393.140(11) expressly provides that, for good cause shown, the Commission may allow tariff changes without requiring thirty days' notice. Good cause exists to make the above tariffs effective on less than thirty days' notice because doing so will allow the Company to continue certain MEEIA Cycle 1 programs until its Cycle 2 programs begin. In this way, there will be no gap in the Company's offering of the above listed MEEIA programs.

5. KCP&L requests that recovery of all Cycle 1 demand-side investment mechanism ("DSIM") program costs for the above programs will be achieved through the Cycle 1 DSIM subject to prudence review for Cycle 1 DSIM costs.

6. The Company has discussed the above matters with the Commission's Staff. The Staff supports the Company's request for expedited consideration.

7. This Motion was filed as soon as it could have been under the circumstances.

WHEREFORE, KCP&L respectfully requests that the Commission grant KCP&L's Motion and approve certain Cycle 1 MEEIA tariffs to go into effect on less than thirty days' notice.

Respectfully submitted,

/s/ Roger W. Steiner
