Service in portions of the State of Missouri)
and to classify said services and the)
Company as competitive.)

Case No. TA-2000-191

FIDELITY COMMUNICATION SERVICES I, INC.'S

OJECTION TO APPLICATION TO INTERVENE

On behalf of Fidelity Communication Services, Inc. ("Fidelity Communication"), Fidelity Communication moves to dismiss Southwestern Bell Telephone Company's Application to Intervene in the above-referenced matter for the following reasons:

1. Fidelity Communication has filed an application for a certificate of service authority to provide basic local telecommunications service as a competitive company.

2. Southwestern Bell seeks to intervene in the proceeding because of its purported concern about the impact of the level of access charges to be assessed by Fidelity Communication on calls that Southwestern Bell terminates in the areas proposed to be serviced by Fidelity Communication.

3. The concerns expressed by Southwestern Bell are matters to be dealt with in a tariff proceeding and not in the initial application for a certificate of authority. Southwestern Bell's attempt to intervene in this matter is premature and is not relevant to the issues at hand.

4. Permitting this intervention will not be in the public interest, and Southwestern Bell will have the opportunity to intervene in the tariff proceeding at such time as that application is filed.

4

Wherefore, Fidelity Communication respectfully requests the Commission to dismiss Southwestern Bell's Application To Intervene.
