On March 3, 1995, Union Electric Company (UE or Company) filed a tariff sheet with a proposed effective date of April 3, 1995. The filing proposes to revise the Company's service area tariff sheet to comply with the Commission's REPORT AND ORDER (Order) in Case No. EO-95-151. This Order authorized and approved the Territorial Agreement between UE and Laclede Electric Cooperative, Inc. (Coop). UE is restricted from serving customers south of a boundary line through the Lake of the Ozarks, through Linn Creek and continues with an east/west line through Camden County. All of this area is located in Camden County.

The Company has added a sentence at the end of the Camden County service area description of their tariff stating that an agreement exists limiting the service area.

The Energy Rates Staff (Staff) has reviewed this filing and is of the opinion that it is in compliance with the Order. Therefore, Staff recommends that the following proposed electric service area tariff sheet be approved to become effective on and after the requested effective date of April 3, 1995.
