**NOTICE REGARDING CASE STATUS**

On May 13, 1999, the Commission issued an order amending the procedural schedule of this case scheduling the evidentiary hearings for Case No. EO-96-14 and Case No. EM-96-149 to be heard concurrently on June 1, 2, and 3, 1999. On May 21, Staff informed the Commission that there were no longer any issues to be heard in Case No. EM-96-149 because Staff and UE had reached a resolution on the issue of weather normalization. At the beginning of the hearing on June 1, the parties stated on the record that the issues in controversy in Case No. EM-96-149 had been resolved and that no issues remained to be resolved by the Commission. (Tr. pp. 47-50). As no justiciable issue remains, no report and order need be issued.

179

Union Electric Company's motion to strike certain prefiled testimony is also moot as no testimony was considered by the Commission in order to reach a decision because no justiciable issue remained for hearing.

This case will remain open pending the filing of rate design tariffs and for further filings regarding the second experimental alternative regulation plan approved by the Commission in its Report and Order issued in this case on February 21, 1997.
