

BEFORE THE PUBLIC SERVICE COMMISSION
OF THE STATE OF MISSOURI

In the Matter of the Application of Grain Belt Express)
Clean Line LLC for a Certificate of Convenience and)
Necessity Authorizing it to Construct, Own, Operate,)
Control, Manage, and Maintain a High Voltage, Direct) Case No. EA-2016-0358
Current Transmission Line and an Associated Converter)
Station Providing an interconnection on the Maywood-)
Montgomery 345 kV Transmission Line)

Motion to Intervene on Behalf of Randall and Roseanne Meyer

Pursuant to Commission Rule 4 CSR 240-2.075, Randall and Roseanne Meyer hereby file their Motion to Intervene. In support of this Motion, movants state as follows:

1. Movants asks that communications to them regarding this case be directed to their attorney, whose contact information is provided below.
2. Movants are joint owners of a farm of approximately 80 acres, located in Chariton County, Missouri. Based on the route proposed by Grain Belt in its Application to the Commission, the proposed transmission line would pass directly over their farm, with a span of approximately one quarter mile.
3. Movants are opposed to the transmission line for a number of reasons, including the following: the line would cross property reserved for the future home of their daughter; the proximity of the transmission line to their home and the future home of their daughter; the transmission line will decrease the value of their property; the excessive width of the easement required by the transmission line; potential health risks to movants, their family, cattle, and breeding cows; potential interference with radio, satellite, cell internet and GPS services; potential hazards to their home and cattle from

contact with a downed transmission line due to severe weather or equipment failure; and Grain Belt's business case for the proposed line is speculative.

4. For the reasons stated above, movants have an interest in the outcome of the Commission decision in this case which is different from that of the general public, and their interest would be adversely affected if Grain Belt's Application were to be approved by the Commission.

5. Based on the information filed thus far by Grain Belt, movants will oppose Grain Belt's Application to build the transmission line.

Wherefore, movants respectfully ask the Commission to approve this Motion to Intervene.

Respectfully submitted,

/s/ Paul A. Agathen
Paul A. Agathen
Attorney for Randall and Roseanne Meyer
