**DIRECT TESTIMONY OF**  
**MARK G. FELTON**  
**FEBRUARY 4, 2009**

1   **I.     INTRODUCTION**

2   **Q.     Please state your name, business address, employer and current position.**

3   A.    My name is Mark G. Felton. My business address is 6330 Sprint Parkway,  
4        Overland Park, KS 66251. I am employed as a Contracts Negotiator III in the  
5        Access Strategy group of Sprint United Management, the management subsidiary  
6        of Sprint Nextel Corporation ("Sprint Nextel").

7   **Q.     On whose behalf are you testifying?**

8   A.    I am testifying on behalf of Sprint Communications Company L.P., Sprint  
9        Spectrum L.P. d/b/a Sprint PCS ("Sprint PCS") and Nextel West Corp.  
10       ("Nextel"). Sprint PCS and Nextel are commercial mobile radio service  
11       ("CMRS") providers licensed by the Federal Communications Commission  
12       ("FCC") to provide wireless services in Missouri. Sprint Communications  
13       Company L.P. is registered as a CLEC in Missouri. I refer to Sprint  
14       Communications Company L.P., Sprint PCS and Nextel collectively in my  
15       testimony as "Sprint".

16   **Q.     Please describe your educational and business experience.**

17   A.    I graduated from the University of North Carolina at Wilmington in 1988 with a  
18        B.S. degree in Economics. I received a Masters degree in Business  
19        Administration from East Carolina University in 1992. I began my career as a  
20        Management Intern with Carolina Telephone, a subsidiary of Sprint (or of its  
21        predecessor parent), in 1988 and have held positions of increasing responsibility  
22        since that time.

1 In June, 1999 I assumed responsibility for negotiations and implementation of  
2 Sprint's interconnection agreements ("ICAs") with various telecommunications  
3 carriers, including legacy BellSouth. Also, I have been engaged in Sprint's efforts  
4 to implement the interconnection-related merger commitments made by AT&T  
5 and BellSouth further described below.

6 While I am not an attorney, throughout the performance of my interconnection-  
7 related responsibilities from 1999 through the present, I have been required to  
8 understand and implement on a day-to-day basis a carrier's rights and obligations  
9 under the Act, the FCC rules implementing the Act, and federal and state  
10 authorities regarding the Act and FCC rules.

11 **Q. Before what state regulatory agencies have you provided testimony?**

12 A. I have testified before the regulatory agencies in Alabama, Florida, Georgia,  
13 Illinois, Indiana, Kentucky, Louisiana, North Carolina, Pennsylvania, and South  
14 Carolina on interconnection-related matters.

15 **Q. What is the purpose of your testimony?**

16 A. The purpose of my testimony is to provide input and background to the  
17 Commission supporting Sprint's Verified Petition for Arbitration of the single  
18 issue of whether AT&T Missouri can deny Sprint's request to extend the parties'  
19 current ICAs for three years from November 21, 2008 pursuant to Merger  
20 Condition No. 4 as approved by the FCC in the merger of AT&T, Inc. and  
21 BellSouth Corporation (collectively "AT&T/BellSouth"). Throughout my  
22 testimony, I refer to the merger commitments individually as a "Merger

1 Commitment” and collectively as the “Merger Commitments”. Sprint filed its  
2 Verified Petition for Arbitration on December 5, 2008. Specifically, I will explain  
3 the current status of the parties’ existing ICAs, the basis upon which Sprint  
4 requested AT&T Missouri to extend the parties’ current ICAs for three full years  
5 from November 21, 2008 pursuant to Merger Condition No. 4, and Sprint’s  
6 positions in light of AT&T Missouri’s refusal to honor Sprint’s request.

7 **Q. Have you reviewed Sprint’s Verified Petition for Arbitration and**  
8 **accompanying exhibits filed on December 5, 2008?**

9 A. Yes. I have reviewed the Verified Petition for Arbitration filed on December 5,  
10 2008. I have read the allegations therein and agree with them. I also have  
11 reviewed the exhibits attached to the Verified Petition for Arbitration and believe  
12 they are true and accurate to the best of my knowledge. I have also reviewed  
13 correspondence regarding Sprint’s request to extend its current ICAs and AT&T’s  
14 response to that request. Finally, I have reviewed AT&T’s Motion to Dismiss and  
15 the subsequent pleadings.

16  
17 **II. STATUS OF THE MISSOURI ICAs**

18 **Q. Are there currently effective ICAs between Sprint and AT&T Missouri?**

19 A. Yes. Sprint’s Verified Petition for Arbitration identifies in paragraph 29 the  
20 current functioning interconnection agreements between the Sprint entities and  
21 AT&T Missouri. They are: (1) Agreement for Interconnection Between Sprint  
22 Spectrum L.P. and SBC Missouri, as amended, originally approved by

1 Commission Order in Case No. TK-2004-0180; amended by tracking number  
2 filings VT-2005-0041 and VT-2005-0042, Exhibit 8 to Verified Petition (2);  
3 Agreement for Reciprocal Compensation and Interconnection between Nextel  
4 West Corp. and Southwestern Bell Telephone, as amended, approved by  
5 Commission Order in Case No. TO-99-149, Amendment approved in Case No.  
6 TK-2005-309; Exhibit 9 to Verified Petition; and (3) Interconnection Agreement  
7 between SBC Missouri and Sprint Communications Company L.P., approved by  
8 Commission Order in Case No. TK-2006-0044. Exhibit 10 to Verified Petition  
9 for Arbitration.

10 **Q. Did Sprint seek to replace these current agreements?**

11 A. Yes. Sprint initially notified AT&T Missouri of its desire to port the Sprint –  
12 BellSouth ICA from Kentucky into Missouri pursuant to Merger Commitment  
13 7.4. AT&T Missouri denied Sprint's request and Sprint filed a complaint with the  
14 Commission on November 28, 2007.

15 **Q. Did the Commission rule on Sprint's complaint?**

16 A. Yes. AT&T filed a Motion to Dismiss on April 14, 2008 arguing that Sprint's  
17 request falls outside the Commission's jurisdiction granted under the Telecom  
18 Act. The Commission dismissed Sprint's Complaint as beyond the Commission's  
19 jurisdiction since it did not ask the Commission to arbitrate open interconnection  
20 issues, approve or reject an interconnection agreement, or enforce an existing

1 Interconnection Agreement.<sup>1</sup> Commissioners Clayton and Gunn filed a dissenting  
2 opinion stating that the “FCC and this Commission have concurrent authority over  
3 the interconnection agreement at issue, and the Commission should have asserted  
4 its jurisdiction in this case rather than deferring all authority to the FCC.”<sup>2</sup>

5 **Q. Did Sprint agree with the Commission’s determination?**

6 A. No. In fact, Sprint filed an Application For Rehearing on July 1, 2008. The  
7 Commission denied Sprint’s Application For Rehearing on August 7, 2008.

8 **Q. What happened next?**

9 A. About the same time as Sprint filed its Application for Rehearing with the  
10 Commission, Sprint sent a request for negotiations of its ICAs pursuant to  
11 sections 251 and 252 of the Act to AT&T.<sup>3</sup> Based upon the Commission’s Order,  
12 the only way Sprint could avail itself of the Merger Commitments was via a  
13 251/252 arbitration proceeding.

14 **Q. Did Sprint initially seek to extend its existing ICAs?**

15 A. No. At that time, Sprint intended to port the Kentucky ICA into Missouri.

16 **Q. Why is Sprint now seeking to extend its current Missouri ICAs instead of**  
17 **porting the Kentucky ICA into Missouri?**

18 A. After further consideration, Sprint believed that a simple extension of its current  
19 ICAs in Missouri pursuant to Merger Commitment 7.4 was a more

1 straightforward and less controversial option and mistakenly believed that AT&T  
2 would process the request without opposition because, as discussed later in my  
3 testimony, Merger Commitment 7.4 is abundantly clear. In making the decision  
4 to extend its existing ICAs in Missouri rather than continuing to seek to port the  
5 Kentucky ICA, Sprint analyzed the considerable disagreements Sprint still had  
6 with AT&T regarding the substantive changes AT&T made to the Kentucky ICA  
7 presented in other states. AT&T's significant changes have led to contentious and  
8 expensive regulatory litigation in states like Illinois, Indiana, Wisconsin and  
9 Oklahoma regarding Merger Commitment 7.1's requirement to port entire  
10 effective interconnection agreements from one AT&T state to another subject to  
11 certain limitations. Additionally, the term of the Kentucky ICA is set to expire on  
12 December 28, 2009. When coupled with the numerous changes to the Kentucky  
13 ICA proposed by AT&T, Sprint saw no benefit in continuing to pursue the  
14 process of porting the Kentucky ICA into Missouri.

15 **Q. Are Sprint's ICAs with AT&T Missouri still effective?**

16 A. Yes. Sprint and AT&T continue to operate under the current ICAs without  
17 interruption.

18  
19 **III. THE AT&T/BELLSOUTH MERGER AND MERGER COMMITMENTS**

20 **Q. What happened on December 29, 2006?**

21 A. On December 29, 2006, the FCC approved the AT&T/BellSouth merger subject  
22 to certain voluntary merger commitments ("Merger Commitments") which were

1 set forth in a letter from AT&T, Inc.'s Senior Vice President – Federal  
2 Regulatory, Robert W. Quinn, Jr., that was filed with the FCC on December 28,  
3 2006. Following the FCC's approval on December 29, 2006, the AT&T/BellSouth  
4 merger closed the same day, making December 29, 2006 the "Merger Closing  
5 Date".

6 The Merger Commitments can also be found in the FCC's March 26, 2007 formal  
7 Order authorizing the AT&T/BellSouth merger, which incorporated the  
8 AT&T/BellSouth offered Merger Commitments.<sup>4</sup> As an express condition of its  
9 merger authorization, the FCC Ordered that "AT&T and BellSouth shall comply  
10 with the conditions [i.e., the 'Merger Conditions'] set forth in Appendix F" of the  
11 FCC Order.<sup>5</sup> A copy of the Table of Contents and Appendix F to the FCC Order is  
12 attached as Exhibit 2 to Sprint's Verified Petition for Arbitration.

13 **Q. Which Merger Commitment is Sprint concerned about in this docket?**

14 A. The Merger Commitment identified as "Reducing Transaction Costs Associated  
15 with Interconnection Agreements" paragraph No. 4, which expressly provides:

16 The AT&T/BellSouth ILECs *shall permit a requesting*  
17 *telecommunications carrier to extend its current interconnection*  
18 *agreement, regardless of whether its initial term has expired, for a period*  
19 *up to three years*, subject to amendment to reflect prior and future changes  
20 of law. During this period, the interconnection agreement may be  
21 terminated only via the carrier's request unless terminated pursuant to the  
22 agreement's 'default' provisions".  
23

<sup>5</sup> FCC Order, Ordering Clause ¶227 at page 112.

1  
2 **Q. Have you had prior experience in working with AT&T regarding the**  
3 **application of the Merger Commitments?**

4 A. Yes. Sprint had a similar issue with AT&T regarding the extension of its current  
5 ICA in the legacy-BellSouth region. AT&T argued that Sprint was not entitled to  
6 extend its ICA because the fixed term had expired and the ICA was in a month-to-  
7 month (or “evergreen” status). Sprint took issue with AT&T’s narrow  
8 interpretation of the Merger Commitment and was forced to file for arbitration in  
9 each of the 9 legacy-BellSouth states because AT&T denied Sprint’s request to  
10 extend its current ICAs. After the Kentucky Commission ruled that AT&T’s  
11 position was inconsistent with the merger commitment directive, AT&T issued an  
12 Accessible Letter<sup>6</sup> altering its position on extending ICA’s terms under Merger  
13 Commitment 7.4.

14 **Q. How did AT&T alter its position on the extension of ICAs under Merger**  
15 **Commitment 7.4?**

16 A. AT&T partially acquiesced to Sprint’s position and permitted ICAs expiring prior  
17 to January 15, 2008 to be extended for three years from the date of the request as  
18 long as the request was made by January 15, 2008. If no request was made prior  
19 to January 15, 2008, under AT&T’s view (which Sprint disagrees with), the ICA’s  
20 term may not be extended pursuant to the Merger Commitments.

21 **Q. Is the January 15, 2008 date found anywhere in the Merger Commitments?**

---

<sup>6</sup> Sprint Verified Petition for Arbitration, Exhibit 11.

1 A. No. Sprint has no knowledge regarding where the January 15, 2008 date came  
2 from or how it was determined. It appears to be an arbitrary date created to limit  
3 AT&T's exposure under the Merger Commitments.

4  
5 **IV. SPRINT'S POSITION**

6 **Q. What is Sprint's position regarding whether it is entitled to extend its current**  
7 **ICA?**

8 A. As demonstrated previously, AT&T agreed in Merger Commitment 7.4 to permit  
9 a requesting carrier "to extend its current interconnection agreement, regardless of  
10 whether its initial term has expired, for a period up to three years, subject to  
11 amendment to reflect prior and future changes of law". There is no exception in  
12 this Merger Commitment that would prohibit Sprint from exercising its right to  
13 extend its current ICAs with AT&T.

14 **Q. Have the ICAs been amended to account for prior changes in law?**

15 A. Yes. Amendments have already been made to the Sprint Spectrum and Nextel  
16 West wireless agreements to account for changes of law. Verified Petition for  
17 Arbitration, ¶29. Therefore, a simple amendment extending the term by three  
18 years is all that is needed to effectuate Sprint's request.

19 **Q. On what date should the 3-year extension of the parties' existing ICAs**  
20 **commence?**

21 A. Sprint's position is that the extension of its ICAs pursuant to merger Commitment  
22 7.4 should commence as of the date of the requesting carriers request, or in  
23 Sprint's case, November 21, 2008, making the expiration date of the ICAs

1 November 21, 2011.

2 **V. AT&T'S POSITION**

3 **Q. How did AT&T respond to Sprint's requests to extend its current ICAs?**

4 A. In a letter dated December 5, 2008, AT&T responded that since Sprint did not  
5 submit its request to extend prior to the January 15, 2008 deadline, the Sprint  
6 ICAs are not eligible for extension under the Merger Commitment.<sup>7</sup>

7

8 **Q. What is AT&T's position regarding Sprint's request to extend the current**  
9 **ICAs?**

10 A. Based on its November 16, 2007 Accessible Letter ("CLEC accessible letter"),<sup>8</sup>  
11 AT&T apparently believes the window for Sprint to extend its current ICAs has  
12 passed because the initial terms of the Sprint's ICAs have expired and Sprint did  
13 not seek extension of those ICAs before January 15, 2008.

14 **Q. Does Sprint agree with AT&T's position?**

15 A. Absolutely not. As I stated before, AT&T position is baseless and appears to be  
16 an attempt by AT&T to renege on promises it made to the FCC and the entire  
17 telecommunications industry in exchange for merger approval. The January 15,  
18 2008 deadline that the AT&T inserted in the CLEC accessible letter is completely  
19 arbitrary and does not appear in the Merger Commitments. Merger Commitment  
20 7.4 expressly states that it does not matter if an interconnection agreement has

---

<sup>7</sup> See Exhibit MGF-1, attached hereto.

<sup>8</sup> Sprint Verified Petition for Arbitration, Exhibit 11.

1 expired, current interconnection agreements can be extended for up to three years.

2 **Q. Does the Merger Order contain any deadline for carriers to exercise their**  
3 **rights granted under the Merger Commitments?**

4 A. Yes, but not the deadline suggested in AT&T's CLEC accessible letter. The FCC  
5 specified that the Merger Commitments would apply for forty-two months from  
6 the merger closing date. As the AT&T – BellSouth merger closed on December  
7 29, 2006, the Merger Commitments remain in effect through June 29, 2010.  
8 Therefore, AT&T's arbitrary deadline of January 15, 2008 set forth in its CLEC  
9 accessible letter for requesting carriers to take advantage of Merger Commitment  
10 7.4 is completely without merit. Under the Merger Commitment, Sprint should be  
11 permitted to extend its existing ICAs for three years, regardless of whether their  
12 initial terms have expired.

13 **Q. What would be the practical effect of the Commission accepting AT&T**  
14 **Missouri's position?**

15 A. It would effectively re-write Merger Commitment 7.4 in a manner that obliterates  
16 the clear intended benefit to requesting carriers of a three-year ICA extension.

17 **Q. AT&T claims in its papers seeking to dismiss this Arbitration that Sprint has**  
18 **not brought an "open" Section 252 issue to be resolved by the Commission.**  
19 **See AT&T Reply to Sprint Concerning Motion to Dismiss, pp. 3-4. Is the**  
20 **term, or length, of an ICA commonly included in Interconnection**  
21 **Agreements?**

22 A. Yes. I have personally negotiated hundreds of interconnection agreements. The

1 term, or length, of the interconnection agreement is present in every  
2 interconnection agreement that I can recall. The reason is straightforward. When  
3 two businesses contract with each other to provide services, one of the key  
4 elements of the contract is the length of the contract. The term is a crucial  
5 component of the ICAs that govern the business relationships between Sprint and  
6 AT&T. In addition, AT&T, itself, concedes that the term is an item contained in  
7 ICAs in the text of Merger Commitment 7.4 and in its CLEC accessible letter.  
8 Each of those items acknowledges that interconnection agreements are effective  
9 for a certain period of time and the Merger Commitment allows requesting  
10 carriers to extend their ICAs for up to three years. If the term of an ICA is not  
11 eligible for arbitration as an open issue, then presumably, AT&T would not have  
12 offered, and the FCC would not have accepted, a merger commitment that  
13 requires AT&T to extend the term of interconnection agreements, regardless of  
14 whether its initial term has expired, for a period of up to three years. In addition,  
15 out of the four Merger Commitments related to interconnection agreements, one  
16 deals solely with extending the term of existing interconnection agreements.  
17 Clearly, the term is an important part of an interconnection agreement that state  
18 commissions can resolve in an arbitration.

19 **Q. Is the term of an interconnection agreement an obligation under Section 251**  
20 **of the Act?**

21 **A.** Yes. The term (or duration) of an interconnection agreement is one of the terms  
22 and conditions that must be just, reasonable, and non- discriminatory as

1 contemplated in Section 251(c)(2)(D) of the Telecom Act.

2 **Q. In the context of this arbitration, did Sprint and AT&T negotiate regarding**  
3 **the term of the ICAs?**

4 A. Yes. In order for the Commitments to have any meaning, Merger Commitment 7.4  
5 must be read as an open offer by AT&T to negotiate a three-year extension of  
6 current interconnection agreements. Once Sprint accepts AT&T's offer to extend  
7 its ICAs, no further negotiations should be necessary. In addition, my review of  
8 the correspondence attached to Sprint's Verified Petition for Arbitration and the  
9 fact that AT&T representatives verbally objected to Sprint's request<sup>9</sup> is another  
10 indication that the parties conducted negotiations over extending Sprint's existing  
11 ICAs. The negotiations were simple. Sprint desired to extend its existing ICAs  
12 and AT&T said no. AT&T cannot escape the federally mandated negotiation and  
13 arbitration process by simply refusing to negotiate or by claiming later that its  
14 communications did not amount to negotiation. There was nothing else for Sprint  
15 to do but to file an arbitration petition with this Commission seeking resolution of  
16 the single issue of whether Sprint can extend its existing ICAs for three years.

17 **Q. Has AT&T extended the terms of other requesting carriers pursuant to**  
18 **Merger Commitment 7.4?**

19 A. Yes. Sprint sent AT&T the attached discovery requests seeking that information.<sup>10</sup>  
20 AT&T objected to the requests and Sprint and AT&T worked out an arrangement

---

<sup>9</sup> Sprint Verified Petition for Arbitration, ¶33.

<sup>10</sup> See Exhibit MGF-2, attached hereto.

1 for AT&T to respond partially to the requests. AT&T provided the attached list of  
2 hundreds of ICAs extended under Merger Commitment 7.4.<sup>11</sup> The list shows that  
3 many of the agreements that were extended originally expired years ago. For  
4 example, Verizon Wireless's interconnection agreement in Missouri originally  
5 expired in 1998 and dPI Teleconnect, LLC's Missouri ICA originally expired in  
6 July, 2001.

7 In addition, I have identified one ICA that had expired before January 15, 2008  
8 but AT&T did not receive the request to extend until June 21, 2008. There,  
9 AT&T agreed to extend the ICA of Hunt Telecommunications LLC in Louisiana  
10 under Merger Commitment 7.4 in direct contradiction to its response to Sprint's  
11 extension request and the terms of the CLEC accessible letter where it said it  
12 would not extend expired ICAs unless the party requested extension before  
13 January 15, 2008. While the January 15, 2008 deadline for receiving extension  
14 requests for expired agreements has no basis in Merger Commitment 7.4, based  
15 on AT&T's discovery responses, it appears AT&T ignored its arbitrary deadline  
16 on at least one instance.

17  
18 **VI. SUMMARY AND CONCLUSION**

19 **Q. Please summarize your Direct Testimony.**

20 **A.** AT&T made certain concessions to the FCC in order to gain approval for its  
21 merger with BellSouth. Some of those concessions were in the form of promises

---

<sup>11</sup> See Exhibit MGF-3, attached hereto.

1           that it would allow other carriers to obtain or maintain interconnection agreements  
2           at reduced transaction costs. AT&T promised that it would grant any requesting  
3           telecommunications carrier the right to extend its current ICA, regardless of  
4           whether its initial term has expired, for three years. AT&T is now attempting to  
5           deny Sprint the right to avail itself of this Merger Commitment through its own  
6           creative interpretation of the Commitment.

7   **Q.   What does Sprint ask this Commission to do?**

8   A.   Sprint asks this Commission to order AT&T to immediately process Sprint's  
9           request to extend its current ICAs for three years commencing on the date of  
10          Sprint's request, November 21, 2008. Exhibit 12 of Sprint's Verified Petition for  
11          Arbitration contains the amendments necessary to effectuate this request. Sprint  
12          asks the Commission to order and approve the parties to execute the amendments  
13          and for such other relief the Commission deems just and reasonable.

14   **Q.   Does this conclude your Direct Testimony?**

15   A.   Yes, it does.

Dear Manager-ICA Solutions:

Your letters dated November 21, 2008, pursuant to Merger Commitment No. 4 under "Reducing Transaction Costs Associated with Interconnection Agreements" associated with the merger of AT&T Inc. and BellSouth Corp., were received via electronic mail on November 24, 2008. The aforementioned letters state that Sprint Communications Company, Sprint Spectrum, and Nextel West Corp. wish to extend the term of their current Agreements in the State of Missouri for a period of three (3) years

Accessible Letter CLECALL07-086 issued November 16, 2007 ("AL") , specified that . interconnection agreements with initial terms that expired before January 15, 2008. may be extended for a period of three years from the date of the request, provided that AT&T receives the carrier's request prior to January 15, 2008. It further specified that interconnection agreements with initial terms that expire on or after January 15, 2008, could be extended for a period of three years from the expiration date of the Agreement's initial term, provided that AT&T receives the carrier's request prior to the Agreement's initial expiration date. Sprint Communications Company's Interconnection Agreement expired on April 29, 2008, Sprint Spectrum's Wireless Agreement expired on November 30, 2004, and Nextel West Corp.'s Wireless Agreement expired on November 01, 2003. The requests were received on November 24, 2008. Unfortunately, since they didn't comply with the terms of the AL as outlined above, we are unable to honor the requests for extension.

Lynn Allen-Flood will continue to be the AT&T Lead Negotiator for Sprint Communications Company, Randy Ham will continue to be the AT&T Lead Negotiator for Sprint Spectrum and Nextel West Corp. Lynn can be reached at 214-858-0698, and Randy can be reached at (205) 321-7795. Please address any questions or concerns you may have to Lynn and Randy.

Sincerely,

(d) In the case of an act or event, to state a complete description of the act or event; when it occurred; where it occurred; the identity of the person(s) performing said act (or omission); the identity of all persons who have knowledge, information or belief about the act; when the act, event, or omission first became known; the circumstances; the manner in which such knowledge was first obtained; and the documents or other writings which memorialize the instance.

(e) In the case of an oral statement or communication, to state: when and

where it was made; the identity of each of the makers and recipients thereof in addition to all other persons present; the medium of communication; and state its substance.

(f) In the case of a meeting, to state: the date, time, and location of the meeting; the identity of all persons involved in each and every meeting; and the substance of the meeting.

(g) In the case of a legal proceeding, to state: the court, administrative agency, or other government body involved; the caption of the proceeding; all parties to the proceeding; and the docket number of the proceeding.

7. "Including" means "including but not limited to."

8. "Person" or "Persons" shall mean any individual, association, proprietorship, partnership, corporation, firm, organization, government entity, or any other entity of any kind.

9. "Refer," "referring to," "relate," and "relating to" shall mean concerning, relating to, referring to, alluding to, responding to, connected with commenting on, in respect of, about, regarding, discovering, showing, describing, mentioning, analyzing, constituting, embodying, evidencing, or pertaining to.

10. "Representatives" means directors, officers, staff, employees, agents, members, consultants, witnesses or other persons acting on behalf of the party to which these interrogatories are served.

11. "Staff" or "Commission Staff" means the Staff of the Missouri Public Service Commission.

12. "State the basis for" when used with respect to a response, assertion, or conclusion means to:

- (a) describe in detail the facts underlying the response, assertion or conclusion;
- (b) identify every document that constitutes, evidences, refers to, or relates to the response, assertion or conclusion;
- (c) identify every person whom you know has, or whom you believe to have, knowledge or information concerning the response, assertion or conclusion;
- (d) describe in detail the nature of each such person's knowledge or information concerning the response, assertion or conclusion; and
- (e) describe in detail the methodologies, techniques and processes used to conduct any analyses that relate to response, the response, assertion or conclusion.

13. "This action" or "this proceeding" or "this matter" means the proceeding with the above-referenced caption, Case No. CO-2009-0239.

14. Merger Commitment 7.4 means the Merger Commitment listed in *In the Matter of AT&T Inc. and BellSouth Corporation Application for Transfer of Control*, Memorandum Opinion and Order, WC Docket 06-74, FCC 06-189, (released March 26, 2007). Appendix F, page 150, under the heading "Reducing Transaction Costs Associated with Interconnection Agreements" with the following language:

"The AT&T/BellSouth ILECs shall permit a requesting telecommunications carrier to extend its current interconnection agreement, regardless of whether its initial term has expired, for a period of up to three years, subject to amendment to reflect prior and future changes of law. During this

period, the interconnection agreement may be terminated only via the carrier's request unless terminated pursuant to the agreement's "default" provisions."

## INSTRUCTIONS

15. The "Instructions and Definitions" set forth herein are incorporated by reference as a supplement to each interrogatory and request for production of documents in this First Set and Sprint Nextel's subsequent sets of interrogatories and requests for production of documents as if specifically set forth therein.

16. When used in these requests, words of gender shall be construed as including all genders, without limitation; words in the singular shall be construed to mean the plural or vice versa as appropriate; and the use of the past tense shall denote the present the present tense shall denote the past when appropriate.

17. Whenever an interrogatory calls for information with respect to "each" one of a particular type or class of matters, events, persons, or entities of which there is more than one, separately list, set forth, and identify for each thereof all of the information called for.

18. Any request to "attach" or "provide" documents (or words of similar import or meaning) shall be considered a requests to produce documents. For each document attached to your response or otherwise produced in response to the interrogatories and requests for production of documents, please label the document so as to identify the interrogatory to which the document responds.

19. If you object to any Interrogatory or Interrogatory subpart or portion, or otherwise withhold responsive information because of the claim of privilege, work product, or other grounds:

(a) identify the Interrogatory question and subpart to which objection or claim of privilege is made;

(b) state whether the information is found in a document, oral communication, or in some other form;

(c) identify all grounds for objection or assertion of privilege, and set forth the factual basis for assertion of the objection or claim of privilege;

(d) provide the portion(s) of the information, whether in a document, oral communication or other form, for which you are not making an objection or claiming privilege;

(e) identify the information withheld by description of the document or other information, the date of preparation, title, number of pages, person(s) who prepared the document or participated in the communication, persons who received or reviewed, and the current custodian of the information in whatever form; and

(f) identify all persons having knowledge of any facts relating to your claim of privilege.

20. If any part of a document is responsive to any request, the whole document is to be produced.

21. If in any response to these interrogatories, AT&T Missouri asserts that information is public information or contained in a publicly available document and is too burdensome for AT&T Missouri to produce, you shall identify the following in your response:

(a) length and general content of the document or file in which the material is contained; (b) the title, date, and any state or federal court or agency docket number of the document or file; (c) the specific page and line number or paragraph in which the requested material is contained; (d) the

office(s) and /or location(s) where the document or file with the requested material is maintained for public inspection; (e) any available Internet or world wide web "links" to or addresses for the information or document; and (f) any other sufficient information to allow Sprint Nextel to locate the document.

22. These Interrogatories and Requests for the Production of Documents are continuing in nature and, thus, AT&T Missouri is under a continuing duty to promptly supplement, correct or revise any response. If, after serving an answer to any interrogatory or producing documents you become aware of any further information pertaining to such interrogatory or further responsive documents, you are required to promptly serve upon us amended answers setting forth such information and produce such documents.

23. Please restate each interrogatory beginning on a separate page and provide a separate answer for each interrogatory and each subpart of an interrogatory. For each response to made or document to be provided, identify by name the person or persons making the response, the title of such person(s), and the name of the witness who will be prepared to testify concerning the matters contained in each response or document provided if different from the person providing the response.

24. AT&T Missouri is requested to provide an electronic copy of its responses to these interrogatories and requests to:
