Energy Standard Compliance Report	)	

In the Matter of Kansas City Power & Light	)	
Company's Submission of Its 2018 Renewable	)	File No. EO-2018-0290
Energy Standard Compliance Plan	)	

**KANSAS CITY POWER & LIGHT COMPANY'S RESPONSES TO  
COMMENTS OF MISSOURI DIVISION OF ENERGY ON  
RENEWABLE ENERGY STANDARDS COMPLIANCE FILINGS**

COME NOW Kansas City Power & Light Company ("KCP&L" or the "Company") and, for its response to the Missouri Department of Economic Development – Division of Energy ("DE") comments on KCP&L's Renewable Energy Standards ("RES") compliance filings, states as follows:

**I. BACKGROUND**

1. On April 13, 2018, KCP&L filed its *2017 Renewable Energy Standard Compliance Report and Request for Waiver* ("KCP&L Report") with the Missouri Public Service Commission ("Commission") to open Docket No. EO-2018-0288 ("288 Docket"), as well as its *2018 Renewable Energy Standard Compliance Plan* ("KCP&L Plan") to open Docket No. EO-2018-0290 ("290 Docket").

2. On May 3, 2018, DE filed an *Application to Intervene* in both the 288 Docket and 290 Docket, both of which were granted by Commission Order issued on May 14, 2018.

3. On May 29, 2018, DE filed its *Comments Regarding Renewable Energy Standard Compliance Filings* ("Comments") in both the 288 Docket and 290 Docket. DE suggests that Senate Bill 564 (2018)("SB 564") may warrant changes in the Company's methods of compliance and revisions to its RES compliance plan.

## **II. RESPONSE TO DE COMMENTS**

4. KCP&L is evaluating the impact of SB 564, which was signed into law on June 1, 2018 and becomes effective on August 28, 2018.

5. 4 CSR 240-20.100 (8)(B) requires the Company to provide a RES Compliance Plan. RES is defined within the rule as meaning sections 393.1025 and 393.1030 RSMo. The elements required under section (8)(B)(1) A-G do not need to be updated due to the passage of SB 564, as the requirements set forth in 393.1025 and 393.1030 RSMo are separate and apart from those set forth in SB 564.

6. As SB 564 was only recently signed and is not yet effective, the Company is currently evaluating the requirements as set forth in the Bill, and how best to meet them. Nevertheless, KCP&L will keep the Commission aware of its compliance with the requirements of SB 564 through various filings in the future.

WHEREFORE, Kansas City Power & Light Company requests the Commission consider its response to DE's Comments.

Respectfully submitted,

/s/ Roger W. Steiner
