**NOTICE OF CASE FILING**

COMES NOW Union Electric Company d/b/a Ameren Missouri (Ameren Missouri) and under 4 CSR 240-4.017(1), hereby files notice that it will make its filing for its Cycle 3 Missouri Energy Efficiency Investment Act ("MEEIA") submission on or after April 2, 2018 as follows:

1.       4 CSR 240-20.093 outlines the requirements for modifications of a utility's Demand Side Investment Mechanism ("DSIM"). 4 CSR 240-20.094 outlines the requirements for the submission of MEEIA programs by electric utilities in the state of Missouri. With the limited exception of certain long-lead projects,<sup>1</sup> Ameren Missouri’s current MEEIA Cycle 2 will terminate February 28, 2019. Transitioning from MEEIA Cycle 2 to programming under MEEIA Cycle 3 will inherently require a modification to the existing DSIM. Therefore, Ameren Missouri provides notice herein that it will be submitting its MEEIA Cycle 3 filing, which will include modifications to its existing DSIM, no earlier than April 2, 2018, to allow sufficient time for approval before MEEIA Cycle 2's termination.

2.       The issues likely to be before the Commission are those outlined in 4 CSR 240-20.093 and 4 CSR 240-20.094, which include the scope of the programs and measures, funding levels, cost recovery mechanism(s) for program costs and lost revenues, incentives, use of a technical resource manual, waiver of certain regulation requirements, and other rate design issues.

<sup>1</sup> See Docket No. EO-2015-0055, *Stipulation and Agreement Regarding Cycle 2 Transition Plan for Certain Long-Lead Projects Under the MEEIA Cycle 2 Program*, filed June 29, 2017, and approved by the Commission on July 20, 2017.

3. Ameren Missouri has had no communications with the Office of the Commission (as defined in 4 CSR 240-4.015(10)) respecting its MEEIA Cycle 3 filing during the preceding 90 days.

Respectfully submitted,
