RE: MGE Experimental Low Income Rate (ELIR)

Dear Henry and Barb:

This letter serves as MGE's notification of the ending of the experimental low income rate. In accordance with the Order in Case No. GR-2004-0209 the program officially ends this month. In accordance with the Second Revised Stipulation and Agreement in Case No. GR-2001-292 the funds remaining at the programs end will be contributed to the Mid America Assistance Coalition (MAAC). At the end of the program only 183 of the almost 1,000 customers were left on the rate and the final balance of funds to be contributed to MAAC is \$135,992.89.

Thank you for your assistance in implementing the experimental rate. Please call me at 816/360-5560 if you have questions or would like additional information.

Sincerely,

Michael R. Noack
Director of Pricing & Regulatory Affairs
