Re: Oregon Farmers Mutual Telephone Company
— **Access Tariff Revision**

TT- 2001-328

Dear Mr. Roberts:

Enclosed for filing on behalf of Oregon Farmers Mutual Telephone Company (Company), please find three copies of the following revised tariff sheet:

PSC Mo. No. 6, 8th Revised Sheet 147, Cancels 7th Revised Sheet 147

The purpose of this filing is to eliminate the "interim, subject to refund" provision that currently exists in the Company's intrastate access tariff. This filing is being made in accordance with the Commission's decision in Case No. TO-99-254 (PTC Plan) and Case No. TO-99-518 (IntraLATA Dialing Parity Plan).

Accompanying this tariff and also enclosed for filing, please find an original and eight copies of the following:

1. The prepared direct testimony and schedules of Robert C. Schoonmaker; and
2. Motion for Protective Order.

Inasmuch as some of the schedules attached to the direct testimony of Robert C. Schoonmaker contain proprietary information and a protective order has not yet been issued, we are withholding the filing of those schedules (i.e., Schedules RCS-2 and RCS-3) at this time, but are providing copies of same to Public Counsel and Staff under separate cover.

Please note this tariff bears an issue date of November 27, 2000 and is proposed to become effective for service rendered on December 31, 2000. Copies of the attached are being sent to the Office of Public Counsel and to the former Primary Toll Carriers (PTCs). A notice of this tariff filing is also being sent to those interexchange carriers (IXCs) who are currently providing 1+ dialed intrastate interexchange service in the exchanges served by the Company.

In the Matter of the Access Tariff Filing of)
Oregon Farmers Mutual Telephone Company)

Case No. TT-2001- 328

**MOTION FOR ISSUANCE
OF A PROTECTIVE ORDER**

Comes now Oregon Farmers Mutual Telephone Company (Company) and moves the Missouri Public Service Commission (Commission) to issue its standard-form protective order in the above-referenced case. In support thereof, the Company respectfully states to the Commission as follows:

1. Simultaneously with the filing of this Motion, the Company is filing a revised access tariff sheet as well as prepared direct testimony and schedules in support thereof. The primary purpose of this tariff filing is to eliminate the "interim, subject to refund" language which currently appears in the Company's intrastate access tariff. Contained in this testimony and schedules supporting the filing is financial information regarding the revenues of the Company which are not otherwise publicly available and constitute proprietary business information. In addition, the Company is filing certain revenue requirement information including, among other things, investment in plan, revenues and expenses which is also not ordinarily made public and constitutes proprietary business information. In addition, the schedules contain certain access minutes of use (MOU) data regarding interexchange calling provided by competitive interexchange telecommunications carriers (IXCs). This MOU information can be competitively sensitive information and may constitute highly confidential,

market sensitive information as envisioned by the terms of the Commission's standard-form protective order. None of the information contained in the schedules for which a claim of confidentiality is made can be found in any format in any other public document.

2. To the extent the Staff of the Commission (Staff), the Office of Public Counsel (OPC), or other interested parties seek additional information or data by way of discovery (or otherwise) such additional information or data will likely entail proprietary and/or highly confidential information.

3. Therefore, because of the potential for public disclosure of such confidential information without a protective order in place and the potential harm to Applicant, as well as to others, if this information is made public, the Company moves the Commission to issue its standard-form protective order containing classifications of "highly confidential" and "proprietary" information.

WHEREFORE, Company respectfully requests that the Commission 1) issue the Commission's standard-form protective order containing classifications of "highly confidential" and "proprietary" information in order to guide the parties' conduct in this case and 2) grant such further relief as the Commission deems appropriate.

Respectfully submitted,
