BEFORE THE PUBLIC SERVICE COMMISSION OF THE STATE OF MISSOURI

In the Matter of Kansas City Power & Light Company's Practices Regarding Customer Opt-Out of Demand-Side Programs and Related Issues	)))	File No. EO-2013-0359

APPLICATION FOR CLARIFICATION, RECONSIDERATION AND/OR REHEARING OF KANSAS CITY POWER & LIGHT COMPANY

Kansas City Power & Light Company ("KCP&L" or "Company"), pursuant to MO. REV. STAT. § 386.500.1 (2000) and 4 CSR 240-2.160, files its application for clarification, reconsideration and/or rehearing of the *Consent Order And Dismissal* issued on June 26, 2013 ("*Consent Order*"). In support of its application, the Company states as follows:

1. On June 4, 2013, KCP&L, Missouri Public Service Commission ("Commission") Staff ("Staff"), Midwest Energy Consumers Group ("MECG"), and Midwest Energy Industrial Consumers ("MIEC") (collectively, the "Signatories") filed a Non-Unanimous Stipulation And Agreement ("Agreement") which requested "that the Commission issue an Order approving the terms and conditions of this Non-Unanimous Stipulation And Agreement." (Agreement, p. 7)

2. Departing from a long-standing practice of the Commission reviewing and generally approving stipulations and agreements filed by parties which settled cases before the Commission[1], the Commission issued its *Consent Order* which "memorializes the signatories' terms without determining their merits." (*Consent Order*, p. 7) The Commission's *Consent*

[1] Attachment No. 1 to this pleading contains twenty-five (25) pages of examples of various orders approving stipulations and agreements issued by the Commission since 1997 in a wide variety of cases. Other cases that have approved stipulations and agreements date to at least the 1970s. *See e.g.*, *Re: United Telephone Company*, Case No. 17,471, 18 Mo.P.S.C. (N.S.) 95 (June 14, 1973); *Re: Missouri Power & Light Company*, Case No. GR-78-122, 22 Mo.P.S.C. (N.S.) 257 (August 15, 1978) and *Re: Arkansas-Missouri Power Company*, 23 Mo.P.S.C. (N.S.) 446 (March 25, 1980). The only example of a "Consent Order" previously found in a PSC case is the Consent Order and Dismissal with Prejudice in *Superior Bowen Asphalt Company, LLC v. Missouri Gas Energy*, Case No. GC-2011-0101 (issued May 9, 2012)

Order did not approve the terms and conditions of the Agreement, as requested by the Signatories to the Agreement.[2] Clearly, the *Consent Order* in this case which did not approve the terms of the Stipulation And Agreement is a major departure from past practice by the Commission without any change in the rules of practice and procedure contained in Chapter 2 of the PSC Rules of Practice and Procedure. In addition, the recently adopted Section 393.1075.11 RSMo specifically allows the Commission to approve corporation-specific settlements related to the Missouri Energy Efficiency Investment Act ("MEEIA").

3. In paragraph 1G, pages 4-5 of the Agreement, KCP&L requested that the Commission authorize the establishment of a deferred account to include all non-MEEIA amounts credited under the terms of the Agreement, and the other Signatories stated that "The Signatories will not object to KCP&L creating a deferral account to include all non-MEEIA amounts credited under paragraphs 1 and 2." (Agreement, pp. 4-5)

4. The *Consent Order* stated: "Issuance of an AAO is unsupported by evidence or stipulated facts." (*Consent Order*, p. 5) The Company requests clarification of this portion of the *Consent Order,* or alternatively, a reconsideration and/or rehearing on the grounds that the *Consent Order* is unlawful and unreasonable, misinterprets the Commission's legal authority, and lacks sufficient findings of fact to support the *Consent Order*.

5. Historically, public utilities have sought prior approval from the Commission to establish deferred accounts similar to the deferred account requested to be approved by the Agreement. *See Re Empire District Electric Company*, Case No. EU-2011-0387; *Re Union Electric Company,* Case No. EU-2008-0141; *Re Aquila, Inc.*, Case No. EU-2008-0233; *Re Kansas City Power & Light Company*, Case No. EU-2006-0560.

[2] By contrast, the Commission later in the same Agenda meeting also issued its *Order Approving Unanimous Stipulation And Agreemen*t in *Re: Laclede Gas Company*, Case No. GR-2013-0171. (issued June 26, 2013, effective July 8, 2013).

6. The Company hereby seeks clarification and/or reconsideration of this portion of the *Consent Order*, and requests that the Commission specifically approve the Non-Unanimous Stipulation And Agreement, as requested by the Signatories, following the long-standing practices of this Commission. The Company requests that the Commission find that KCP&L is authorized by the Commission to defer all non-MEEIA amounts credited under paragraphs 1 and 2 of the Agreement, as requested in the Agreement.

7. The establishment of a deferred account authorized by the Commission is an essential element of the overall settlement memorialized in the Agreement. While the Company is hopeful that the Commission will clarify its *Consent Order* and specifically authorize the deferred accounting, it will be problematic for the Company to fulfill the other terms of the Agreement without the Commission's specific authorization to establish a deferred account to include all non-MEEIA amounts credited under paragraphs 1 and 2 of the Agreement.

8. In the event that the Commission does not clarify its *Consent Order* to specifically approve the Non-Unanimous Stipulation And Agreement, and state that the Company is authorized to establish a deferred account to include all non-MEEIA amounts credited under paragraphs 1 and 2 of the Agreement, then the Agreement will be void under the following provision of the Agreement:

> This Stipulation has resulted from extensive negotiations among the Signatories, and the terms hereof are interdependent. If the Commission does not approve this Stipulation unconditionally and without modification, then this Stipulation shall be void and no Signatory shall be bound by any of the agreements or provisions hereof. (Agreement, p. 7)

9. In the event that the Commission denies this motion or does not specifically approve the Non-Unanimous Stipulation And Agreement, as requested by the Signatory Parties to the Agreement, then the Company requests that the Commission schedule an immediate procedural conference for the parties to discuss how to proceed in this case.

WHEREFORE, Kansas City Power & Light Company respectfully requests clarification, reconsideration and/or rehearing of the Commission's *Consent Order And Dismissal*, as discussed herein.

Respectfully submitted,

/s/ James M. Fischer
