

In the Matter of the Application of Union Electric)
Company d/b/a Ameren Missouri for Permission and)
Approval and a Certificate of Public)
Convenience and Necessity Authorizing)
it to Construct, Install, Own,) File No. EA-2012-0281
Operate, Maintain, and Otherwise Control and Manage)
A Utility Waste Landfill and Related Facilities at its)
Labadie Energy Center.)

3. Ameren Missouri has revised its CPA for the proposed Labadie utility waste landfill and submitted the revised CPA to MDNR on December 11, 2013. A copy of the revised CPA, which includes information regarding the new monitoring wells, was provided to the parties in this matter on December 18, 2013.

4. The CPA, prior to these revisions, was addressed by Ameren Missouri witness Craig J. Giesmann in his pre-filed testimonies, and is included as Schedule CJG-S23 to Mr. Giesmann's Surrebuttal Testimony. Mr. Giesmann's pre-filed testimony also addressed the groundwater monitoring network reflected in the CPA included as Schedule CJG-23, which MDNR had approved. Now that the CPA and the groundwater monitoring network reflected as part of it have been revised to accommodate the County's request for additional groundwater monitoring wells and has been submitted to MDNR, Mr. Giesman's Surrebuttal Testimony regarding the CPA and Schedule CJG-23, including regarding the groundwater monitoring network, needs to be updated to address the revisions. Ameren Missouri's other witnesses also provided testimony relating to the CPA including the groundwater monitoring network prior to the revisions that were submitted to MDNR on December 11, 2013. Those witnesses' pre-filed testimonies also may need to be updated to address these revisions.

5. Consequently, Ameren Missouri proposes to file limited supplemental pre-filed testimony to address the revisions submitted to MDNR, and any impact of those revisions on previously-filed testimony. Ameren Missouri further proposes that the other parties to this case be allowed to file limited testimony that is responsive to Ameren Missouri's supplemental testimony. Thereafter, the remaining procedural steps necessary to process this case can proceed.

6. Ameren Missouri has consulted with the other parties in this matter, and they have agreed upon the following Revised Procedural Schedule, which is as follows:

Procedural Schedule

Company Files Limited Supplemental Testimony	January 24, 2014
Other Parties File Limited Responsive Supplemental Testimony	February 19, 2014
Deadline to File List of Issues, List of Witnesses, Order of Cross-Examination, and Order of Opening Statements	March 7, 2014
Deadline to File Statements of Position	March 21, 2014
Evidentiary Hearings	Mar. 31 to Apr. 2, 2014
Deadline to File Initial Briefs	April 30, 2014
Deadline to File Reply Briefs	May 21, 2014 ¹

WHEREFORE, Ameren Missouri requests the adoption of the proposed revised procedural schedule, as agreed to by all parties.

¹ MDNR has indicated that it will expedite its review of the resubmitted CPA by focusing on the revisions and by otherwise verifying that nothing else has changed. While the exact time by which MDNR will act is unknown, Ameren Missouri expects a final MDNR decision on the resubmitted CPA in sufficient time to allow Ameren Missouri to commence construction no later than June 1, 2014. Ameren Missouri endeavored to reschedule the hearings in this case so that a Commission decision could also be issued before June 1. However, due to scheduling conflicts (on the Commission's hearing calendar and for Company and other parties), and the impact those conflicts had on the schedule proposed herein, the Company recognizes that the Commission will likely not be able to issue an order by June 1. The Company respectfully requests that the Commission issue an order as promptly as possible after the final submission of briefs so that the Company can preserve the use of the majority of the 2014 construction season. The procedural schedule in place before to the prior suspension of the schedule called for final briefs to be submitted on January 7, with a request by the Company at that time that an order issue by January 31. Consistent with that time frame, the Company is requesting that an order be issued no later than June 15.

Respectfully submitted,

/s/ James B. Lowery
