

**BEFORE THE PUBLIC SERVICE COMMISSION  
OF THE STATE OF MISSOURI**

In the Matter of an Investigation of the Cost )	
To Missouri's Electric Utilities Resulting )	File No. EW-2012-0065
From Compliance with )	
Federal Environmental Regulations. )	

**Ameren Missouri's Request for Additional Time to Submit Replies**

COMES NOW Union Electric Company d/b/a Ameren Missouri (Ameren Missouri or Company) and hereby respectfully requests an additional one week extension of the deadline to file replies to the August 25 submissions, and as reasons for its request states as follows:

1. As the Commission is aware, the United States Environmental Protection Agency's (USEPA) proposed rule relating to greenhouse gases is extensive, complex and unprecedented. As was previously pointed out, hundreds of pages of detailed and at times technical submissions were made by a number of stakeholders in response to the Commission's July 30 and August 6 orders directing and soliciting responses to a series of questions regarding USEPA's proposed rule.

2. The Company is appreciative of the Commission's willingness to extend the original September 2 deadline for submitting replies to other stakeholders' August 25 submissions by one week (to September 9), but as it has reviewed the extensive submissions it has become apparent that it will be very difficult to provide meaningful replies of the quality that the Company believes these issues deserve if it must do so by September 9.

3. Consequently, the Company respectfully requests that all stakeholders desiring to file replies to the August 25 submissions be given an additional week, to September 16, 2014, to do so.

Respectfully Submitted,

SMITH LEWIS, LLP
