

the end-user is being provided xDSL-based service should require conditioning during non-working hours, the due date may be adjusted consistent with the end-user's release of the voice grade circuit and the Maintenance of Service charges referenced in Section 7.2 below shall apply for the time devoted by SBC-12STATE to perform the requested conditioning during non-working hours, in addition to the loop conditioning rates set forth in Appendix Pricing for the actual loop conditioning work performed.

4.3 Maintenance, Repair and Testing: SBC-12STATE shall provide Maintenance Repair and Testing in accordance with the lawful and effective requirements of 47 C.F.R. §51.319(a)(1)(iv).

4.3.1 Maintenance Scope: SBC-12STATE's maintenance shall be as follows: (i) for loops 12,000 feet or less: SBC-12STATE maintenance shall be limited to assuring loop continuity and balance and verification that the loop was (or is) conditioned as described in Section 4.1 above; (ii) for loops greater than 12,000 feet for which CLEC elected that SBC-12STATE not perform any conditioning, SBC-12STATE maintenance shall be limited to assuring loop continuity and balance. For loops greater than 12,000 for which CLEC requested that SBC-12STATE perform some or all of the available conditioning, SBC-12STATE will verify continuity, the completion of all requested conditioning and will repair at no charge to CLEC any gross defects which would be unacceptable for POTS and which do not result from the loop's modified design. SBC-12STATE will resolve CLEC-referred trouble tickets in parity with the repair intervals SBC-12STATE provides its advanced services affiliate.

4.3.2 CLEC Submitted Trouble Ticket: If CLEC submits a trouble ticket to SBC-12STATE and the problem is determined by SBC-12STATE to be in CLEC's network, data equipment or splitter, CLEC shall pay SBC-12STATE, following SBC-12STATE closing the trouble ticket, the Maintenance of Service charges referenced in Section 7.2 below. In any such case, when CLEC resolves the trouble condition in its network, data equipment or splitter, CLEC will contact SBC-12STATE to advise that the trouble has been resolved.

4.3.3 Line and Station Transfer ("LST"): For a loop currently in service where trouble ticket resolution has identified that Excessive Bridged Tap(s), load coil(s) and/or repeater(s) are on the loop and transferring to a new loop is a solution identified by SBC-12STATE to resolve a trouble, SBC-12STATE, at its sole option, may perform an LST to resolve the identified trouble. In the event that a request for conditioning is received from the CLEC on a loop currently in service and SBC-12STATE determines that an LST can be performed, the SBC-12STATE LOC will contact CLEC to inform it of the decision to perform an LST in lieu of CLEC's requested conditioning. In such case, the charge for the LST set forth in Appendix Pricing shall apply in lieu of any loop conditioning charges which would have applied had the requested conditioning been performed. If, however, the LST does not resolve the reported trouble and the trouble is determined to be an SBC-12STATE network-related problem, then CLEC will not be charged the LST rate or for SBC-12STATE's resolution of the trouble. If, however, the trouble is found not to be an SBC-12STATE network-related problem, then CLEC shall pay the Maintenance of Service charges referenced in Section 7.2 below, in addition to the applicable LST charge.

5.0 Spectrum Management: The Parties shall comply with the FCC's lawful and effective spectrum management rules, 47 C.F.R. §51.231-233, as such rules may be modified from time to time. CLEC will advise SBC-12STATE on the ordering form of the Power Spectral Density ("PSD") mask approved or proposed by T1.E1 that reflects the service performance parameters of the technology that CLEC intends to provision, and CLEC will notify SBC-12STATE if and when a change in PSD mask is made. SBC-12STATE shall use such PSD information solely for inventory and spectrum management purposes and in all cases, will manage the spectrum and offering xDSL services in a competitively neutral manner consistent with all relevant industry standards. SBC-12STATE shall not deny CLEC a loop based upon spectrum management issues in the absence of FCC or Commission approval. In the event that the FCC or the industry establishes

long-term standards, practices and policies relating to spectrum compatibility and management that differ from those referenced in this Agreement, the Parties shall comply with such standards, practices and policies and will establish a mutually agreeable transition plan and timeframe for implementation; provided, however, if SBC-12STATE and/or CLEC is providing xDSL technologies for which there was previously no standard, then that Party must begin the process of bringing its deployed xDSL technology(ies) and equipment into compliance with such standards at its own expense within thirty (30) days after general availability.

- 6.0 **Splitters:** CLEC shall own and have sole responsibility to forecast, purchase, install, inventory, provision and maintain splitters for purposes of line splitting hereunder and shall collocate such splitters in accordance with the collocation provisions set forth elsewhere in this Agreement or as set forth in the applicable Commission-ordered tariff, as applicable, and consistent with SBC-12STATE's standard collocation practices and procedures. With respect to any CLEC physical collocation arrangement in which a CLEC splitter is located, CLEC will have test access to the line side of its splitter (assuming CLEC has provisioned splitter cards that provide test port capabilities). CLEC-owned splitters shall be provisioned using standard SBC-12STATE configuration cabling and wiring in SBC-12STATE locations and shall adhere to established industry and national standards. CLEC's Connecting Block layouts will reflect standard recognizable arrangements that work in conjunction with SBC-12STATE's OSS.

7.0 Pricing/Rates:

- 7.1 The rates applicable to xDSL Loops and xDSL Subloops and the associated charges including without limitation, the applicable service order charges and charges for mechanized and manual loop qualification, loop conditioning, cross-connects and LSTs are set forth in Appendix Pricing.
- 7.2 In those instances specified herein, or in the event that SBC-12STATE agrees to perform any additional work on CLEC's behalf that is not explicitly addressed in this Appendix, CLEC shall pay Maintenance of Service charges on a time and material basis, in 30-minute increments, for the SBC-12STATE technician time involved in performing such work, pursuant to Section 13.4.4 of the FCC No. 73 tariffs, as such tariffs may be modified from time to time. If requested by the CLEC, Overtime and Premium time charges will apply as provided for in such FCC tariffs for any work or tests requested by CLEC and performed by SBC-12STATE are performed outside of standard business hours.

APPENDIX PRICING (MISSOURI)

1. INTRODUCTION

- 1.1 This Appendix sets forth the pricing terms and conditions only for the applicable SBC Communications Inc. (SBC) owned Incumbent Local Exchange Carrier (ILEC) identified in 1.3 below. The rate table included in this Appendix is divided into the following five categories: Unbundled Network Elements (UNEs), Resale, Other (Resale), Other and Reciprocal Compensation. These categories are for convenience only and shall not be construed to define or limit any of the terms herein or affect the meaning or interpretation of this Agreement.
- 1.2 SBC Communications Inc. (SBC) means the holding company which directly or indirectly owns the following ILECs: Illinois Bell Telephone Company d/b/a SBC Illinois, Indiana Bell Telephone Company Incorporated d/b/a SBC Indiana, Michigan Bell Telephone Company d/b/a SBC Michigan, Nevada Bell Telephone Company d/b/a SBC Nevada, The Ohio Bell Telephone Company d/b/a SBC Ohio, Pacific Bell Telephone Company d/b/a SBC California, The Southern New England Telephone Company, Southwestern Bell Telephone, L.P. d/b/a SBC Arkansas, SBC Kansas, SBC Missouri, SBC Oklahoma and/or SBC Texas and/or Wisconsin Bell, Inc. d/b/a SBC Wisconsin.
- 1.3 SBC MISSOURI - As used herein, SBC MISSOURI means Southwestern Bell Telephone, L.P. d/b/a SBC Missouri, the applicable SBC-owned ILEC doing business in Missouri.
- 1.4 Replacement of Non-Interim Rates

Certain of the non-interim rates, prices and charges set forth in this Agreement may have been established by the Commission ("Commission-established Non-Interim Rate(s)"). All rates included in this Agreement that are not specifically excluded from treatment under this Section 1.4, or that are not marked as interim or as "TBD" (To Be Determined) shall be considered Commission-established Non-Interim Rates. If, during the Term of this Agreement the Commission or the FCC modifies a Commission-established Rate(s) in an order or docket that is established by the Commission or FCC to be generally applicable to the Interconnection, Unbundled Network Elements, Collocation, functions, facilities, Resale discounts, or products or services ("Products or Services") available under this Agreement (i.e. *not* an order or docket relating only to a specific complaint or interconnection agreement arbitration), either Party may provide written notice ("Rate Change Notice") to the other Party, **after the effective date of such order**, that it wishes for the modified Commission-established Non-Interim Rate(s), ("Modified Rate(s)") to replace and supersede the Commission-established Non-Interim Rate(s) already set forth in this Agreement. Following such Rate Change Notice by either Party, and without the need for any formal amendment or further Commission action, the CLEC's billing tables will be updated to reflect (and CLEC will be charged) the Modified Rate(s), pursuant to timeframes as specifically set forth in Sections 1.4.1 and 1.4.3, below, and the Modified Rate(s) will be deemed effective between the Parties as provided in Sections 1.4.1 and 1.4.3, below. Nonetheless, the Parties shall negotiate a conforming amendment which shall reflect that the Commission-established Non-Interim Rate(s) were replaced by the Modified Rate(s), and shall submit such Amendment to the state commission for approval. In addition, as soon as is reasonably practicable after such Rate Change Notice, each Party shall issue to the other Party any adjustments that are necessary to reflect that the Modified Rate(s) became effective between the Parties as provided below:

- 1.4.1 If the Rate Change Notice is issued by a Party within ninety (90) days after the effective date of any such order, the Modified Rate(s) will be deemed effective between the Parties as of the effective date of the order, and SBC MISSOURI will issue any adjustments that are appropriate (e.g., billing of additional charges, billing credit adjustments) to retroactively true-up the Modified Rate(s) with the Commission-established Non-Interim Rate(s) for the period after the effective date of the order, in accordance herewith.

- 1.4.2 In the event that neither Party issues a Rate Change Notice to the other Party with respect to an order, the Commission-established Non-Interim Rate(s) set forth in the Agreement shall continue to apply, notwithstanding the issuance of that order.
- 1.4.3 In the event that a Party issues a Rate Change Notice under this Section 1.4, but not within ninety (90) days after the effective date of the order, then the Modified Rate(s) will be deemed effective between the Parties as of the date the amendment incorporating such Modified Rate(s) into the Agreement is effective between the Parties (following the date the amendment is approved or is deemed to have been approved by the state commission), and shall apply, upon the amendment effective date, on a prospective basis only. Further, the Party shall be foreclosed from replacing or otherwise superseding the Commission-established Non-Interim Rate(s) with the Modified Rate(s) for any period prior to the effective date of such amendment.
- 1.4.4 In the event the terms and conditions of this Section 1.4 was not part of an approved and effective agreement between the Parties at the time the order became effective, either Party may still give a Rate Change Notice, and the Modified Rate(s) shall be effective as of the date the Parties' Agreement (the Agreement containing this Section 1.4) becomes effective (following the date the Agreement is approved or deemed to have been approved by the Commission) and shall apply, beginning on the Agreement's effective date, on a prospective basis only. Further, the Party shall be foreclosed from replacing or otherwise superseding the Commission-established Non-Interim Rate(s) with the Modified Rate(s) for any period prior to the effective date of the Agreement containing this Section 1.4.
- 1.5 The Parties understand and agree that on May 9, 2003, the Public Utilities Act of Illinois was amended to add Sections 13-408 and 13-409, 220 ILCS 5/13-408 and 13-409, and enacted into law ("Illinois Law"). The Illinois Law establishes a specific method for setting certain UNE rates in Illinois, mandates that the Illinois Commerce Commission ("ICC") apply the method and determine the rates ("ICC Rates"), and expressly deems all interconnection agreements to be amended to contain the ICC Rates immediately upon the ICC's announcement of such adjusted rates, without further action. The Parties understand and agree that the rates in the attached Pricing Schedule are based upon SBC Illinois' obligations under FCC rules and regulations, and applicable ICC orders as they existed prior to the ICC's promulgation of rates, terms and conditions pursuant to the Illinois Law. The Parties understand and agree that the ICC Rates shall automatically apply to this Agreement, and shall replace and supersede any corresponding rates currently contained in this Agreement (for the state of Illinois only) as of the effective date of any such ICC order(s) upon the written request of either Party ("Written Notice"). As soon as practical following the Written Notice, SBC Illinois shall begin billing CLEC the ICC Rates; provided, however, the Parties acknowledge and agree that no later than sixty (60) days from the Written Notice, the Parties will execute a conforming Amendment to this Agreement so that the Agreement accurately reflects the ICC Rates, and SBC Illinois will issue any adjustments, as needed (e.g., billing of additional charges, billing credit adjustments), to reflect that the ICC Rates became effective between the Parties as of the effective date of the applicable ICC order(s) and to retroactively true-up the ICC Rates with the corresponding rates currently contained in this Agreement (for the state of Illinois only) for the period after the effective date of the applicable ICC order(s), in accordance herewith.
- 1.6 Replacement of Interim Rates
- Certain of the rates, prices and charges set forth in this Agreement may be denoted as Interim rates ("Current Interim Rates"). Upon the effective date of a Commission Order establishing non-interim rates for any rates, prices, charges, Products or Services specifically identified herein as interim, either Party may, within ninety (90) days after the effective date of such Commission order, provide written notice ("Replacement Rate Notice") to the other Party that it wishes to obtain the non-interim Commission-established rate(s) ("Replacement Rates") to replace and supersede the Current Interim Rate counterpart(s) in this Agreement. Following such Replacement Rate Notice, and without the need for any formal amendment or further Commission action, SBC MISSOURI will update CLEC's billing tables to replace the Current Interim Rates with their Replacement Rate(s) counterpart(s), as specified in the

Replacement Rate Notice. Nonetheless, the Parties shall negotiate a conforming amendment to reflect such Replacement Rates and shall submit such amendment to the Commission for approval.

- 1.6.1 If the Replacement Rate Notice is given within 90 days after the effective date of such order, then the Replacement Rate(s) shall apply as of the effective date of the order and SBC MISSOURI will issue any adjustments that are appropriate (e.g., billing of additional charges, billing credit adjustments) to retroactively true-up the Replacement Rates with the Current Interim Rates for the period after the effective date of this Agreement, in accordance herewith.
- 1.6.2 In the event that neither Party issues a Rate Notice to the other Party with respect to an order, the Current Interim Rate(s) set forth in the Agreement shall continue to apply, notwithstanding the issuance of that order.
- 1.6.3 In the event that a Party issues a Rate Notice under this Section 1.6, but not within ninety (90) days after the effective date of the order, then the Replacement Rate(s) will be deemed effective between the Parties as of the date the amendment incorporating such Replacement Rate(s) into the Agreement is effective between the Parties (following the date the amendment is approved or is deemed to have been approved by the Commission), and shall apply, upon the amendment effective date, on a prospective basis only. Further, the Party shall be foreclosed from replacing or otherwise superseding the Current Interim Rate(s) with the Replacement Rate(s) for any period prior to the effective date of such amendment.
- 1.6.4 In the event the terms and conditions of this Section 1.6 was not part of an approved and effective agreement between the Parties at the time the order became effective, either Party may still give a Replacement Rate Notice, and the Replacement Rate(s) shall be effective as of the date the Parties' Agreement (the Agreement containing this Section 1.6) becomes effective (following the date the Agreement is approved or deemed to have been approved by the Commission) and shall apply, beginning on the Agreement's effective date, on a prospective basis only. Further, the Party shall be foreclosed from replacing or otherwise superseding the Current Interim Rate(s) with the Replacement Rate(s) for any period prior to the effective date of the Agreement containing this Section 1.6.
- 1.7 Notice to Adopting CLECs
- 1.7.1 Notwithstanding anything to the contrary in this Appendix and Agreement, in the event that any other telecommunications carrier should adopt provisions in the Agreement pursuant to Section 252(f) of the Act ("Adopting CLEC"), the Adopting CLEC would only be entitled to the non-interim and/or interim rates set forth in this Agreement as of the date that the MFN'd Agreement provisions become effective between SBC MISSOURI and the Adopting CLEC (i.e., following the date the Commission approves or is deemed to have approved the Adopting CLEC's Section 252(f) adoption ("MFN Effective Date")) and on a prospective basis only. Nothing in this Agreement shall entitle an Adopting CLEC to any retroactive application of any rates under this Agreement to any date prior to the MFN Effective Date and any Adopting CLEC is foreclosed from making any such claim hereunder.
- 1.8 The following defines the zones found in this Appendix Pricing:

<u>Rate Zone:</u>	<u>Description:</u>
Zone 1	The geographic area within each of the SBC MISSOURI exchanges which are classified as Rate group D exchanges in SBC MISSOURI's Local Exchange Tariff; (St. Louis and Kansas City Exchanges)
Zone 2	The geographic area within each of the SBC MISSOURI exchanges which are classified as Rate group B exchanges in SBC MISSOURI's Local Exchange Tariff
Zone 3	The geographic area within each of the SBC MISSOURI exchanges which are classified as Rate group A exchanges in SBC MISSOURI's Local Exchange Tariff
Zone 4	The geographic area within each of the SBC MISSOURI exchanges which are classified as Rate group C exchanges in SBC MISSOURI's Local Exchange Tariff; (Springfield Exchanges). Zone 4 rates will be billed as Zone 1 rates.

- 1.9 SBC MISSOURI's obligation to provide Interconnection, Lawful Unbundled Network Elements, Collocation, Resale discounts, functions, facilities, products or services ("Products or Services") under this Agreement does not extend to Products or Services for which rates, terms and conditions are not contained in this Agreement. Accordingly, to the extent a CLEC orders a Product or Service for which there are not rates, terms and conditions contained in this Agreement, SBC MISSOURI may reject the order. In the event such an order is rejected, and the Product or Service is appropriate for BFR treatment under the BFR provisions set forth in Appendix Lawful UNEs of this Agreement, the CLEC may submit a BFR, which will be evaluated pursuant to such BFR provisions. Alternatively, if the Product or Service is available in a state commission approved Agreement in the state in which the CLEC is seeking to order the Product or Service, the CLEC may: (i) seek to adopt pursuant to Section 252(f) of the Act the rates, terms and conditions for such Product or Service (including any legitimately related terms) from a state commission approved Agreement in that state in which such Product or Service is available; or (ii) seek to amend this Agreement to incorporate rates, terms and conditions for the Product or Service into this Agreement, to the extent such Product or Service is still available at the time of the request. In the event that CLEC orders, and SBC MISSOURI provisions, a Product or Service to CLEC for which there are not rates, terms and conditions in this Agreement, then CLEC understands and agrees that one of the following will occur:
- 1.9.1 CLEC shall pay for the Product or Service provisioned to CLEC at the rates set forth in SBC MISSOURI's applicable intrastate tariff(s) for the Product or Service or, to the extent there are no tariff rates, terms or conditions available for the Product or Service in the applicable state, then CLEC shall pay for the Product or Service at SBC MISSOURI's current generic contract rate for the Product or Service set forth in SBC MISSOURI's applicable state-specific generic pricing schedule as published on SBC MISSOURI's CLEC website; or
- 1.9.2 CLEC will be billed and shall pay for the product or service as provided in Section 1.9.1, above, and SBC MISSOURI may, without further obligation, reject future orders and further provisioning of the product or service until such time as applicable rates, terms and conditions are incorporated into this Agreement as set forth in this Section 1.9.
- 1.9.3 SBC MISSOURI's provisioning of orders for such Products or Services is expressly subject to this Section 1.9 and in no way constitutes a waiver of SBC MISSOURI's right to charge and collect payment for such Products and/or Services.
- 1.10 Establishment of "TBD" Rates
- 1.10.1 When a rate, price or charge in this Agreement is noted as "To Be Determined" or "TBD" or is blank, the Parties understand and agree that when a rate, price or charge is established by SBC MISSOURI for that Product or Service and incorporated into SBC MISSOURI's current state-specific generic pricing schedule as published on SBC MISSOURI's CLEC website, that rate(s) ("Established Rate") shall automatically apply to the Product or Service provided under this Agreement back to the effective date of this Agreement as to any orders CLEC submitted and SBC MISSOURI provisioned for that Product or Service without the need for any additional modification(s) to this Agreement or further Commission action. SBC MISSOURI shall provide written notice to CLEC of the application of the rate, price or charge that has been established, and the CLEC's billing tables will be updated to reflect (and CLEC will be charged) the Established Rate, and the Established Rate will be deemed effective between the Parties as of the effective date of the Agreement. The Parties shall negotiate a conforming amendment which shall reflect the Established Rate to ensure that the Agreement accurately reflects the specific Established Rate(s) that apply to such Product or Service pursuant to this Section 1.10, and shall submit such Amendment to the state commission for approval. In addition, as soon as is reasonably practicable after such Established Rate begins to apply, SBC MISSOURI shall bill CLEC to reflect the application of the Established Rate retroactively to the effective date of the Agreement between the Parties.
- 1.10.2 SBC MISSOURI's provisioning of such orders for such Products or Services is expressly subject to this Section 1.10 and in no way constitutes a waiver of SBC MISSOURI's right to charge and collect payment for such Products and/or Services.

2. RECURRING CHARGES

- 2.1 Unless otherwise identified in the Pricing Tables, where rates are shown as monthly, a month will be defined as a calendar month. The minimum term for each monthly rated Unbundled Network Element (UNE), Resale, Other (Resale), Other and Reciprocal Compensation elements will be one (1) month. After the initial month, billing will be on the basis of whole or fractional months used. The minimum service period for UNEs provided under the BFR process set forth in Appendix Lawful UNEs of this Agreement may be longer.
- 2.2 Where rates (excluding Resale) are based on minutes of use, usage will be accumulated at the End Office Switch or other measurement point without any per call rounding and total minutes by End Office Switch or other measurement point will then be rounded to the next higher minute.
- 2.3 Where rates are distance sensitive, the mileage will be calculated on the airline distance involved between the locations. To determine the rate to be billed SBC MISSOURI will first compute the mileage using the V&H coordinates method, as set forth in the National Exchange Carrier Association, Inc. Tariff FCC No 4. When the calculation results in a fraction of a mile, SBC MISSOURI will round up to the next whole mile before determining the mileage and applying rates.
- 2.4 Where rates consist of usage sensitive charges or per occurrence charges, such rates are classified as "recurring charges".

3. NON-RECURRING CHARGES

- 3.1 Nonrecurring Charges are applicable for all five (5) categories of rates.
- 3.2 Consistent with FCC Rule 51.307(d), there are non-recurring charges for each UNE on the first connection on a CLEC order as well as separate non-recurring charges for each additional connection associated with the same CLEC order at the same CLEC specified premises.
- 3.3 For Resale, when a CLEC converts an End User currently receiving non-complex service from the SBC MISSOURI network, without any changes to SBC MISSOURI's network, the normal service order charges and/or nonrecurring charges associated with said additions and/or changes will apply.
- 3.4 CLEC shall pay a non-recurring charge when a CLEC adds or removes a signaling point code. The rates and charges for signaling point code(s) are identified in the applicable access tariffs. This charge also applies to point code information provided by CLEC allowing others to use CLEC's SS7 signaling network.
- 3.5 CLEC shall pay a service order processing charge (Service Order Charge) for each service order issued by SBC MISSOURI to process a request for installation, disconnection, rearrangement, changes to or record orders for Lawful UNEs.
- 3.6 Some items, which must be individually charged, are billed as nonrecurring charges.
- 3.7 Time and Material charges (a.k.a. additional labor charges) are defined in FCC Tariff 73.

4. BILLING

- 4.1 For information regarding billing, non-payment, disconnects and dispute resolution, see the General Terms and Conditions of this Agreement.

In no event shall SBC Missouri be obligated to provide such rates, terms and conditions beyond the period of time SBC Missouri is obligated to provide such rates, terms and conditions to the Party who originally arbitrated such provisions:

APPENDIX PERFORMANCE MEASUREMENTS

1. INTRODUCTION

- 1.1 SBC Communications Inc. (SBC) means the holding company which directly or indirectly owns the following ILECs: Illinois Bell Telephone Company d/b/a SBC Illinois, Indiana Bell Telephone Company Incorporated d/b/a SBC Indiana, Michigan Bell Telephone Company d/b/a SBC Michigan, Nevada Bell Telephone Company d/b/a SBC Nevada, The Ohio Bell Telephone Company d/b/a SBC Ohio, Pacific Bell Telephone Company d/b/a SBC California, The Southern New England Telephone Company, Southwestern Bell Telephone, L.P. d/b/a SBC Arkansas, SBC Kansas, SBC Missouri, SBC Oklahoma and/or SBC Texas and/or Wisconsin Bell, Inc. d/b/a SBC Wisconsin.
- 1.2 SBC SOUTHWEST REGION 5-STATE - As used herein, SBC SOUTHWEST REGION 5-STATE means Southwestern Bell Telephone, L.P. d/b/a SBC Arkansas, SBC Kansas, SBC Missouri, SBC Oklahoma and/or SBC Texas the applicable above listed ILEC(s) doing business in Arkansas, Kansas, Missouri, Oklahoma, and Texas.
- 1.3 As used herein, the term "Service Bureau Provider" means a company which has been engaged by CLEC to act on behalf of the CLEC for purposes of accessing SBC-owned ILEC's OSS application-to-application interfaces.
- 1.4 The performance measurements referenced herein, notwithstanding any provisions in any other appendix in this Agreement, are not intended to create, modify or otherwise affect parties' rights and obligations. The existence of any particular performance measure, or the language describing that measure, is not evidence that CLEC is entitled to any particular manner of access, nor is it evidence that SBC SOUTHWEST REGION 5-STATE is limited to providing any particular manner of access. The parties' rights and obligations to such access are defined elsewhere, including the relevant laws, FCC and PUC decisions/regulations, tariffs, and within this interconnection agreement.
- 1.5 Except as otherwise provided herein, the service performance measures ordered by the state Commission that approved this Agreement under Section 252(e) of the Act, including any subsequently Commission-ordered additions, modifications and/or deletions thereof, shall be incorporated into this Agreement by reference and shall supersede and supplant all performance measurements previously agreed to by the parties. In the event that the state commission that approved this Agreement subsequently orders liquidated damages/remedies with respect to performance measures in a proceeding binding on both parties, the parties agree to incorporate commission-ordered liquidated damages/remedies into this Agreement once the decision approving such remedies becomes final and any appeals are exhausted (unless otherwise agreed by the parties). The parties expressly reserve all of their rights to challenge any liquidated damage/remedy award, including but not limited to the right to oppose any such order and associated contract provision because remedy/liquidated damage provisions must be voluntarily agreed to and SBC SOUTHWEST REGION 5-STATE does not at this time so agree.
- 1.6 In addition to the exclusions described in the performance measures and remedy plans ordered by the state commission that approved this Agreement, to which the Parties to this Agreement have agreed to be bound, SBC SOUTHWEST REGION 5-STATE shall not be obligated to pay liquidated damages or assessments for noncompliance with a performance measurement to the extent that such noncompliance was the result of delays or other problems resulting from actions of a Service Bureau Provider acting on behalf of the CLEC for connection to SBC-owned ILEC's OSS, including Service Bureau Provider provided processes, services, systems or connectivity.

The purpose of this Accessible Letter is to clarify AT&T's implementation of two merger commitments adopted and approved by the Federal Communications Commission ("FCC") in its BellSouth/AT&T "Merger Order".¹ The commitments discussed herein concern porting and extending interconnection agreements ("ICAs").

Porting ICAs

Merger Commitment 7.1 allows carriers to port effective interconnection agreements entered into in any state in AT&T's 22-state ILEC operating territory (subject to stated limitations and requirements).² Some carriers have inquired why they are not able to port an agreement when the initial term has expired but the agreement itself has not yet been noticed for termination/renewal. This letter clarifies that such agreements are, in fact, eligible for porting under Merger Commitment 7.1; and AT&T has consistently implemented the commitment in this manner. However, carriers should be aware that adopted agreements always carry the same expiration date as the underlying agreement that is being adopted.³ Therefore, if a carrier adopts and ports an ICA whose initial term has expired, subsequent noticing of that ICA for termination and renewal will require that the adopted/porting agreement also be renewed. Moreover, consistent with federal rules, ICAs that have been noticed for termination/renewal are not eligible to be ported because they have already "remain[ed] available for use by telecommunications carriers...for a reasonable period of time."⁴ Accordingly, when porting agreements pursuant to Merger Commitment 7.1, carriers should be mindful of whether the ICA, by its terms, is eligible to be noticed for termination/renewal or has already been noticed by either party.

¹ Memorandum Opinion and Order, *In the Matter of AT&T, Inc. and BellSouth Corporation Application for Transfer of Control*, 22 F.C.C.R. 5662 at ¶222, Appendix F (March 26, 2007) ("Merger Order").

² Merger Order at Appendix F, "Reducing Transaction Costs Associated with Interconnection Agreements," ¶ 1.

³ *Review of the Section 251 Unbundling Obligations of Incumbent Local Exchange Carriers*, CC Docket No. 01-338, Second Report and Order, 19 FCC Rcd 13494 (FCC 2004).

⁴ 47 C.F.R. § 51.809(c).

Extending ICAs' Terms

Merger Commitment 7.4 allows carriers to extend the terms of their current ICAs for a period of up to three (3) years, subject to amendment to reflect prior and future changes of law.⁵ The question has arisen whether ICAs may be extended for three years from the expiration date of the ICA's initial term (as interpreted and implemented by AT&T) or some other date (e.g., the merger close date of December 29, 2006 or the date of a carrier's extension request). While AT&T believes that its interpretation is supported by the plain language of Merger Commitment 7.4, as well as by the *ex parte* documents submitted to the FCC and the negotiations of the commitment prior to release of the Merger Order, AT&T is modifying its position to allow carriers additional opportunities to extend the terms of their agreements. As such, effective with the date of this Accessible Letter, AT&T will implement Merger Commitment 7.4 as follows:

ICAs Expiring Prior to January 15, 2008 (Option 1): ICAs whose initial terms have already expired, or will expire prior to January 15, 2008, may be extended for up to three years from the date of a carrier's extension request, provided that AT&T receives the carrier's extension request prior to January 15, 2008.⁶ An ICA's term may be extended only once pursuant to Merger Commitment 7.4.⁷ If no request to extend the ICA's term has been received by AT&T prior to January 15, 2008, the ICA's term may not be extended pursuant to the merger commitment.

ICAs Expiring On or After January 15, 2008 (Option 2): ICAs whose initial terms will expire on or after January 15, 2008, may be extended for up to three years from the expiration date of the ICA's initial term, provided that (i) AT&T receives a carrier's extension request prior to the ICA's expiration date of the initial term, and (ii) the ICA's initial term expires before June 29, 2010, the sunset date of the merger commitment. ICAs whose initial term expires after June 29, 2010 are not eligible for extension. An ICA's term may be extended only once pursuant to Merger Commitment 7.4. If no request to extend the ICA's term has been received by AT&T as of the expiration date of the ICA's initial term, the ICA may not be extended pursuant to the merger commitment.

Important Note for Both Options Above: The expiration date of an agreement's initial term may be either express (e.g., "January 15, 2008") or a date that requires calculation (e.g., "three years from the Effective Date"). Initial terms may also be a date established by a filed and approved amendment (e.g., an ICA's initial term expired on January 15, 2001, but an amendment extended the expiration date until January 15, 2003, in which case the latter is still considered the expiration date of the ICA's initial term). For purposes of implementing Merger Commitment 7.4, the expiration date of an agreement's *initial term* will in all cases be used, as described above, to calculate whether the agreement is eligible for extension. Any evergreen term, renewal term or default term (e.g., month-to-month or year-to-year) or any other term that continues the agreement beyond the expiration of its initial term will have no bearing on whether and how the agreement may be extended. This has important implications for the options discussed above, including without limitation:

⁵ Merger Order at Appendix F, "Reducing Transaction Costs Associated with Interconnection Agreements," ¶ 4. Merger Commitment 7.4 applies to ICAs in effect as of the date of the Merger Order, December 29, 2006.

⁶ Compare with *Order of the Kentucky Public Service Commission*, Petition of Sprint Communications Company L.P. et al. For Arbitration of Rates, Terms and Conditions of Interconnection with BellSouth Telecommunications, Inc. d/b/a AT&T Kentucky d/b/a AT&T Southeast, Case No. 2007-00180 (Sept. 18, 2007) (holding that Merger Commitment 7.4 gives carriers the right to extend ICAs for three years from the merger close date of December 29, 2006, or until December 29, 2009).

⁷ Carriers that extended or requested to extend the initial term of an ICA that has already expired pursuant to AT&T's prior policy (i.e., for up to three years from the initial expiration date) may re-submit a request to extend the ICA pursuant to this Accessible Letter. For such carriers, the ICA may be extended under Option 1 for up to three years from the date of carrier's *initial, prior* request, as long as carrier sends the required notice discussed herein by January 15, 2008.

- For Option 1, the initial term of an ICA may have already expired but the ICA may still be in effect (e.g., the ICA expired on June 1, 2007 and it is presently in effect on a month-to-month basis). The required extension notice under Option 1 must be received by AT&T prior to January 15, 2008, regardless of the fact that the ICA remains in effect on a month-to-month or other basis. On January 15, 2008, unless a carrier has submitted the required notice to extend the term, it will be deemed to have waived any extension rights with respect to that ICA.
- For Option 2, the required term extension notice must be received by AT&T prior to the expiration date of the ICA's initial term, regardless of whether the ICA continues in effect beyond the expiration date of the initial term. Upon the expiration date of an ICA's initial term, a carrier will be deemed to have waived any extension rights with respect to that ICA.

The options under Merger Commitment 7.4 as described in this Accessible Letter are available to carriers regardless of whether they have already submitted an extension request, and regardless of the disposition of that prior request. However, carriers desiring to extend the terms of their ICAs as stated herein must submit another extension request, as AT&T is unable to decide unilaterally what any carrier may want to avail itself of at this point in time. **Carriers may not rely on prior extension requests to avail themselves of the options discussed in this Accessible Letter. Carriers who do not submit an extension request, by the time periods indicated above, may not extend their ICAs pursuant to Merger Commitment 7.4 as described herein.** Extension Request Forms can be found by CLECs on AT&T's CLEC Online website at <https://clec.att.com/clec>⁸ and by paging/wireless carriers at <https://primeaccess.att.com/>.⁹
