**AMEREN MISSOURI'S NOTICE OF DISMISSAL**

COMES NOW Union Electric Company d/b/a Ameren Missouri ("Company" or "Ameren Missouri"), and for its notice of dismissal under 4 CSR 240-2.116 states as follows:

1. The above-cited rule provides that an applicant may “dismiss an application . . . without an order of the commission at any time before prepared testimony has been filed or oral evidence has been offered by filing a notice of dismissal ...” No prepared testimony has been filed nor has any oral evidence been offered in this docket.

2. The Company filed its Application in this docket because it (a) does not serve any customer in the area covered by the certificate of convenience and necessity for which cancellation was sought; (b) does not anticipate that any customer located on that property would seek retain electric service from the Company under its retail rate tariffs; and (c) in light of items (a) and (b), was simply seeking to clean-up its service territory by eliminating this unique property from it.

3. However, given the filings made by the “Consumers” in this docket and the time and resources that would likely be needed to address them, in particular given the large number of important cases and matters before the Commission at this time in which the Company is substantially and meaningfully engaged, the Company does not desire to expend further effort and resources on this matter at this time.

WHEREFORE, the Company hereby notifies the Commission that of its dismissal of the Application.

Respectfully submitted,

/s/ James B. Lowery
