NOTICE OF NON-PARTICIPATION OF ANDREW J. ZELLERS

On September 17, 2012, the Commission's General Counsel contacted me to advise that my name appears as a recipient of emails from several years ago relating to a potential issue in this case. While working with a previous employer, Sonnenschein, Nath & Rosenthal, I performed some legal services for Kansas City Power & Light. This work was not performed as part of a case at the Commission and I had no expectation that any of my work at that firm would be at issue in any future case at the Commission.

I have provided no information to the Chairman or any other employee of the Commission regarding any legal work from that time and I do not believe that my previous legal work would affect my objectivity or that of the Commission. But because my name appears as a recipient of emails from KCP&L that may be relevant in this case, in order to avoid any appearance of impropriety, I will cease any work in the current Kansas City Power & Light and GMO rate cases and will not provide any advice in these matters to the Chairman or the Commission.

Respectfully submitted,

/s/ Andrew J. Zellers
