Important information about Coverage Locator Maps

*Extended coverage provided through agreements with other wireless carriers.

The map is not a guarantee of coverage and contains areas with no service. Service will not work, and calls cannot be placed or received outside the America's Choice Coverage Area.

CINGULAR NATION

No Roaming or Long Distance Charges Nationwide

- Cingular Nation (with a GSM handset)**
 - Anytime, Mobile to Mobile and Night & Weekend Minutes apply
- Future Coverage Area**
 - Estimated Availability by Year End 2005
- No Service Area**

Cingular GSM handset required on Cingular Nation plans.

Your phone's display does not indicate the rate you will be charged. Please review your coverage map for areas and out of plan. Map depicts an approximation of outdoor coverage. Map may include areas served by unaffiliated carriers and may depict their licensed area rather than an approximation of the coverage there. Actual coverage area may differ substantially from map graphics, and coverage may be affected by such things as terrain, weather, foliage, buildings, other construction, signal strength, customer equipment and other factors. Cingular does not guarantee coverage. Charges will be based on the location of the site receiving and transmitting the call, not the location of the handset. Future Coverage, if depicted above, is based on current planning assumptions but is subject to change and is not to be relied upon.

COVERAGE MAP and CALLING PLANS

COVERAGE MAP and CALLING PLANS

The map shows an approximation of service coverage. Actual coverage may vary. Service may be interrupted or limited due to weather, terrain, customer equipment or network limitations. Coverage indoors may also vary. U.S. Cellular does not guarantee coverage.

Service agreement required. All service agreements subject to an early termination fee. Credit approval required. Roaming charges, fees, surcharges, overage charges, and taxes apply. 96¢ Federal and Other Regulatory Fee charge applies. This is not a tax or government required charge. Local network coverage and reliability may vary. Usage rounded up to the next full minute. Use of service constitutes acceptance of our terms and conditions. Other restrictions apply. See store for details.

ShareTalk®: Limit of three ShareTalk Lines per primary line. Primary line must be on a plan of \$35 or higher.

easyedge™ Phone Service: U.S. Cellular-approved phone required on all **easyedge** plans. Only available in U.S. Cellular licensed markets.

easyedge™ Picture Messaging Service requires a U.S. Cellular-approved phone and usage plan. Picture Messaging only available in **easyedge** coverage area (see map for details). You will be charged for picture messaging sent from your phone, even if not delivered to the intended recipient due to system or compatibility issues. You will not be charged for picture messages sent to your phone unless you open and download them. U.S. Cellular is not responsible for content of pictures. **easyedge** is the proprietary mark of United States Cellular Corporation.

Signal Dial Direct® Plus is an insurance plan administered by The Signal® and underwritten by Member Companies of Assurant Group. A summary of coverage is available from The Signal by calling 1-800-480-0167.

Roadside Assistance is limited to four calls per year and a maximum of \$50.00 per service call (\$100.00 per winning). Additional terms and conditions apply. See store for details.

Mobile-to-Mobile rate applies to calls you make or receive in your Mobile-to-Mobile Calling Area (see brochure for details). Roaming indicator on your phone must be off for Mobile-to-Mobile rates to apply. 10¢ per minute for calls exceeding Mobile-to-Mobile packaged minutes. Unused minutes cannot be carried over to next month.

Mobile Messaging: Digital phone and service required. Service may not work outside your digital local calling area. Functionality may depend on other carrier's networks and phones. U.S. Cellular does not guarantee message delivery or timeliness. 150-character limit per message. U.S. Cellular not responsible for content of messages. A charge of 10¢ per outgoing message applies if no messaging package is selected or existing package limit is exceeded. For internet transmission, message content including your phone number may be intercepted by third parties. By using U.S. Cellular's Mobile Messaging you agree to be bound by all terms and conditions viewable at www.uscellular.com/Messagingterms.

Directory Assistance: Airtime and applicable toll charges will apply. Directory Assistance charges apply to all Directory Assistance calls.

Unlimited Local CALL ME™ Minutes are not deducted from package minutes and are only available when receiving calls in your local calling area. Does not include Expanded Local Area or nationwide roaming area.

Unlimited Night and Weekend Minutes valid Monday through Friday 7 p.m. to 6:59 a.m. and all day Saturday and Sunday. Night and weekend minutes are available in local calling area only. Local calling area differs from Expanded Local Area.

U.S. Cellular reserves the right to terminate your service if less than 50% of your overall minutes in each of three consecutive billing cycles are used in U.S. Cellular's licensed markets. If on a SpanAmerica or National plan, please refer to the color coded legend entitled "U.S. Cellular's Licensed Markets". Service area may vary depending on the digital technology of your phone.

Optional Features

ShareTalk®	
Per additional line with a Local Plan	\$15.00/mo.
Per additional line with a National Plan	\$20.00/mo.
Share your minutes without sharing your phone. ShareTalk allows up to three additional lines to share the minutes on one account.	
Mobile Messaging	
Can't talk? Send and receive text messages from your wireless phone. All packages include unlimited incoming messages . See brochure for details.	
Mobile Messaging 1000	\$14.95/mo./line
Mobile Messaging 500	\$9.95/mo./line
Mobile Messaging 250	\$5.95/mo./line
Mobile Messaging 100	\$3.95/mo./line
Mobile Messaging 50	\$2.95/mo./line
Each additional outgoing message	10¢/message
Add an e-mail address for your phone	\$1.95/mo.

Signal Dial Direct® Plus Wireless Phone Insurance	\$4.95/mo.
Replaces or repairs your phone if it's lost, stolen or damaged. See Signal Insurance brochure for coverage details. Underwritten by: Member companies of Assurant Group	
Roadside Assistance	\$2.95/mo.
24 hours a day, 365 days a year — help is just a phone call away. Protection travels with the phone. Some restrictions apply. See store for details.	
Mobile-to-Mobile Calling	
Wireless calling to and from other U.S. Cellular customers. See Mobile-to-Mobile Calling brochure for coverage area and details.	
Unlimited Minutes	\$19.95/mo.
3000 Minutes	\$14.95/mo.
1000 Minutes	\$9.95/mo.

Voice Mail	no monthly fee
Our Voice Mail service answers calls when you can't.	
Caller ID	no monthly fee
Lets you know who's calling before you answer.	
Detailed Billing	no monthly fee
Shows the time, date and cost of every wireless call on your monthly bill.	

Directory Assistance	\$1.25/call
Call Directory Assistance to get the phone numbers of the people and businesses you need. Directory Assistance is \$1.25/call within your home calling area. Pricing in other areas may vary.	

At U.S. Cellular, we're committed to providing the best customer satisfaction. We want to fulfill all of your wireless needs with the highest quality products and services at a fair price. If you have questions about calling plans or features that will enhance your wireless service, you can always get answers from an expert at your local U.S. Cellular store, agent location or by calling one of our customer service specialists at 1-888-944-9400.

order at home, **FREE delivery**

1-888-BUY-USCC

uscellular.com

International Dialing	no monthly fee
U.S. Cellular's International Dialing service gives you direct access to over 200 countries from your wireless phone. There is no monthly charge or extra fee for the service, simply pay for the calls you make. Consult a U.S. Cellular representative or our website for country rates and availability. Rates range from \$.19 to \$1.25 per minute.	

Automated Payment Service	no monthly fee
No checks to write. No stamps to buy. We will automatically deduct your cell phone bill from your checking account or a credit card — no extra cost.	

easyedge™ Phone Service	see brochure for details
easyedge Phone Service keeps you connected by providing instant access to news, sports, entertainment, weather forecasts, stock quotes, maps and directions. Have more fun by downloading the latest ringtones, games and jokes. The easy way to get more from your phone.	

easyedge Picture Messaging Service	see brochure for details
With easyedge Picture Messaging Service you can snap and send pictures with ease. Personalize your photo by adding text and sound. A picture adds information and fun to your message.	

Unlimited Local CALL ME™ Minutes	
Per line	\$5.95/mo.
Per Account on ShareTalk®	\$9.95/mo.
Receive unlimited incoming calls from anywhere, anytime within your local calling area without using your Anytime Minutes. Available on Local and National plans.	

Unlimited Local Night and Weekend Minutes beginning at 7 p.m.	
Per line	\$5.95/mo.
Per Account on ShareTalk®	\$9.95/mo.
Unlimited local night and weekend minutes, including nationwide long distance. Available on Local and National plans.

MO Specific should match Statement of Revenue
(MoPSC Assessment)

* Missouri Revised Statutes §386.020(53)

(53) "Telecommunications service", the transmission of information by wire, radio, optical cable, electronic impulses, or other similar means. As used in this definition, "information" means knowledge or intelligence represented by any form of writing, signs, signals, pictures, sounds, or any other symbols. Telecommunications service does not include:

(a) The rent, sale, lease, or exchange for other value received of customer premises equipment except for customer premises equipment owned by a telephone company certificated or otherwise authorized to provide telephone service prior to September 28, 1987, and provided under tariff or in inventory on January 1, 1983, which must be detariffed no later than December 31, 1987, and thereafter the provision of which shall not be a telecommunications service, and except for customer premises equipment owned or provided by a telecommunications company and used for answering 911 or emergency calls;

(b) Answering services and paging services;

(c) The offering of radio communication services and facilities when such services and facilities are provided under a license granted by the Federal Communications Commission under the commercial mobile radio services rules and regulations;

(d) Services provided by a hospital, hotel, motel, or other similar business whose principal service is the provision of temporary lodging through the owning or operating of message switching or billing equipment solely for the purpose of providing at a charge telecommunications services to its temporary patients or guests;

(e) Services provided by a private telecommunications system;

(f) Cable television service;

(g) The installation and maintenance of inside wire within a customer's premises;

(h) Electronic publishing services; or

(i) Services provided pursuant to a broadcast radio or television license issued by the Federal Communications Commission;

**Instructions for completing the
Competitive Local Exchange Carrier Access Line Report**

I. BACKGROUND

In opening local telephone markets to competition, the Missouri Public Service Commission (MoPSC) is interested in determining and tracking the amount of actual competition occurring throughout the state. For a variety of reasons including but not limited to statutory reasons, the MoPSC finds it necessary to track the level of competition in local telephone markets.

II. PURPOSE

The purpose of this portion of the Annual Report is to ascertain, on an exchange specific basis, the number of voice-grade equivalent access lines in service being provided by your company in each exchange (as identified in your tariff) in Missouri. Information is sought for residential and business voice-grade equivalent access lines on an exchange-by-exchange basis. **Please use the common exchange name as shown in your tariffs.** Further, information is sought on the following ways of provisioning each access line: (A) pure resale lines; (B) unbundled network element lines (UNE); (C) unbundled network element platform lines (UNE-P); and, (D) pure facility based lines. **Please report on a separate line the number of company used lines.**

III. WHAT IS MEANT BY "VOICE TELEPHONE SERVICE"?

Voice telephone service means local exchange or exchange access services that allow end users to originate and terminate local telephone calls on the public switched telephone network, whether used by the end user for telephone calls or for other types of calls carried over the public switched network (for example, lines used for facsimile equipment and "dial-up" internet lines).

IV. WHAT IS MEANT BY "VOICE-GRADE" EQUIVALENT LINES?

You are to report voice-grade equivalent lines. Count as one voice-grade equivalent line: traditional analog POTS lines, Centrex-CO extensions, and Centrex-CU trunks. Count lines based on how they are charged to the customer rather than how they are physically provisioned. For example, count Basic Rate Integrated (BRI) and Digital Network (ISDN) Services lines as two voice-grade equivalent lines. Report 8 voice-grade equivalent lines if a customer buys 8 trunks that happen to be provisioned over a DS1 circuit. If a customer buys a DS1 circuit that is provided as channelized service, report 24 voice-grade equivalent lines, even if there is some indication that the customer is only using 8 of the derived lines. Thus, a voice-grade equivalent line is a line that directly connects an end user to a carrier and allows the end user to originate and terminate local telephone calls on the public switched network.

Voice-grade equivalent lines include high capacity (DS1, DS-3, etc.) lines that are channelized to provide voice-grade service. In such instances, it is the number of channels available for voice traffic to/from the public switched network that should be counted as voice-grade equivalent access lines. **Note for competitive LEC's providing local exchange service over hybrid fiber-coaxial cable television systems:** Count your records and report how many voice-grade equivalent lines are being billed.

**Instructions for completing the
Competitive Local Exchange Carrier Access Line Report Con'td.**

V. WHAT IS MEANT BY PURE RESALE VOICE GRADE EQUIVALENT LINES?

Pure resold lines are those lines provided pursuant to § 251 (c)(4) of the Communications Act of 1934, as amended. Pure resold lines are those lines not owned or controlled by the telephone company billing the end user for the service. Pure resold lines are typically leased from an underlying carrier at a wholesale discount off the tariffed rate. The use of resold lines exclusively provides a means to offer service without owning or controlling any equipment. Pure resold lines are those lines provided under a general or local exchange tariff, but without benefit of an accompanying switched access tariff.

VI. WHAT IS MEANT BY UNBUNDLED NETWORK ELEMENT (UNE) LINES?

UNE lines are those lines where the carrier provides some portion of the equipment required to provide telephone service. The most common example is a competitive LEC who provides the switching but leases a loop (or extended loop) from the incumbent LEC. UNE loops are obtained on a stand alone basis and service is provided to the end user without combining other UNEs. Service provisioned over UNE loops requires the carrier to lease a loop from another LEC in order to connect the customer to the carrier's own switch. UNE lines are provided under a general or local exchange tariff in combination with a switched access tariff.

VII. WHAT IS MEANT BY UNE-P VOICE GRADE EQUIVALENT LINES?

UNE Platform (UNE-P) lines are those lines utilizing a combination of UNEs so that service provisioned over UNE-P lines does not require the carrier to use its own switch, port, or loop. UNE-P lines are commonly used by competitive LECs. UNE-P lines are provided under a general or local exchange tariff in combination with a switched access tariff.

VIII. WHAT IS MEANT BY FULL FACILITY BASED VOICE GRADE EQUIVALENT LINES?

Full facility based lines are those lines owned or controlled exclusively by a local exchange carrier and used to connect to an end user's premises. Count as your own such facilities, those facilities that you actually owned as well as facilities such as dark fiber that you obtained the right to use from other entities. Do not include, as full facilities based lines, lines provided over UNE loops that you obtained from another carrier. Full facility based lines are provided under a general or local exchange tariff in conjunction with a switched access tariff.

IX. WHAT IS MEANT BY PUBLIC ACCESS LINES?

Some carriers (particularly incumbent carriers) still separate pay telephone lines from business lines. Use this column to report pay telephone lines if your company tariffs reflect pay telephone lines distinct from business lines.

X. WHAT IS MEANT BY EXCHANGE?

"Exchange" as defined in Missouri Revised Statutes §386.020(16), is a geographical area for the administration of telecommunications services, established and described by the tariff of a telecommunications company providing basic local telecommunications service.

Submitting this Annual Report is an "option" through EFIS.

A registered official company representative is authorized to utilize this option, type in all necessary information below, including the Notary's information (pursuant to Sections 432.200 and 432.295). After submitting the Annual Report through EFIS, you will receive a BMAR (confirmation) number. Indicate that BMAR number on the original and retain for your records.

MO Specific should match Statement of Revenue
(MoPSC Assessment)

* Missouri Revised Statutes §386.020(53)

(53) "Telecommunications service", the transmission of information by wire, radio, optical cable, electronic impulses, or other similar means. As used in this definition, "information" means knowledge or intelligence represented by any form of writing, signs, signals, pictures, sounds, or any other symbols. Telecommunications service does not include:

(a) The rent, sale, lease, or exchange for other value received of customer premises equipment except for customer premises equipment owned by a telephone company certificated or otherwise authorized to provide telephone service prior to September 28, 1987, and provided under tariff or in inventory on January 1, 1983, which must be detariffed no later than December 31, 1987, and thereafter the provision of which shall not be a telecommunications service, and except for customer premises equipment owned or provided by a telecommunications company and used for answering 911 or emergency calls;

(b) Answering services and paging services;

(c) The offering of radio communication services and facilities when such services and facilities are provided under a license granted by the Federal Communications Commission under the commercial mobile radio services rules and regulations;

(d) Services provided by a hospital, hotel, motel, or other similar business whose principal service is the provision of temporary lodging through the owning or operating of message switching or billing equipment solely for the purpose of providing at a charge telecommunications services to its temporary patients or guests;

(e) Services provided by a private telecommunications system;

(f) Cable television service;

(g) The installation and maintenance of inside wire within a customer's premises;

(h) Electronic publishing services; or

(i) Services provided pursuant to a broadcast radio or television license issued by the Federal Communications Commission;
