(b) End Office Switching

The end office switching rate category establishes the charges related to the use of end office switching equipment, the terminations in the end office of end-user lines and the termination of calls at intercept operators or recordings.

3. Shared Port

The End Office Shared Port rate provides for the termination of common transport trunks in shared end office ports and in remote switching system or module ports. The End Office Shared Port rate is assessed on a per-MOU basis to all trunkside originating and terminating access minutes utilizing tandem routing to an end office.
