

**AGREEMENT FOR EXTENSION OF 150-DAY TARIFF FILING
DEADLINE FOR SMALL COMPANY RATE INCREASE REQUESTS**

LW Sewer Corporation

MO PSC Work I.D. Nos. QS-2004-0010

Background

LW Sewer Corporation (Company) initiated the small company rate increase request for sewer service (Request) that is the subject of the above-referenced Missouri Public Service Commission (Commission) tracking file by submitting a letter to the Secretary of the Commission. The Company submitted the letter that initiated the Request under the provisions of Commission Rule 4 CSR 240-3.330, Sewer Utility Small Company Rate Increase Procedure. The date that the Company's letter was received at the Commission's office was May 3, 2004¹. Under the provisions of the referenced rules, agreements regarding the disposition of the subject Request were to be reached and tariff revisions consistent with the agreement were to be filed on or before September 30. The Company and Staff previously agreed to extend the September 30 deadline to January 7, 2005.

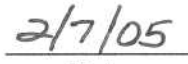

Reason for Extension

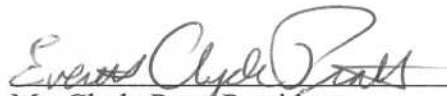

During the course of the meeting discussing Staff's audit findings between the Staff and the Company, Staff received additional information on sludge removal, additional labor expenses and additional miscellaneous expenses from the Company. The Company requested these additional items be included in the Company's cost of providing service. The Staff updated its audit information and findings, provided the updated audit findings to the Company, and is waiting for the Company's Board of Directors to review the audit findings at its next scheduled meeting on January 20, 2005, before Staff can reach agreement with the Company (and possibly the Office of the Public Counsel) regarding the disposition of the Company's Requests.

Agreement for Extension

Based on the above, the Company and the Staff agree that the date by which agreements regarding the disposition of the Company's Requests are to be reached and the requisite tariff filings are to be made should be extended to February 10, 2005.
