Dear Chairman Davis:

The April 30<sup>th</sup> deadline has passed for utilities to complete the Commission's Demand Response and Advanced Metering Infrastructure surveys (FERC-727 & FERC-728). My April 7 letter to you requested your help in encouraging participation by the utilities in your state, and I appreciate your assistance.

The purpose of this letter is to provide a status report on utilities in your state that have not responded to the survey. This information is listed below:

Aquila Inc.

We have asked the non-responding utilities to complete the FERC-727 and FERC-729 by May 23. The survey website is:
