NOTICE REGARDING EXTERNAL COMMUNICATIONS

Issue Date: December 27, 2010

On Thursday, December 23, 2010 I received the attached anonymous letter from a Missouri ratepayer.

Respectfully Submitted,

Jeff Davis
Commissioner

Dated at Jefferson City, Missouri,

To whom it may concern,

I am writing to express my concerns over Ameren's employee practices and wasteful spending that is occurring and would have a direct effect on my rates. There seems to be a total lack of management and employees making a complete mockery of Ameren. As a ratepayer in Missouri it is very disappointing that this is allowed to go on and not better controlled allowing higher rates for all of us.

I have witnessed one employee in particular [REDACTED] from [REDACTED] that has continuously bragged about what he can get away with. He says he got the job by sucking up to the bosses and taking them out to eat and entertainment when he was a contractor. He says now he gets that from the contractors. Some of us have been out of work and can't find jobs does this sound fair.

He bragged about getting free work on his river lot by the contractors for a July 4th party in 2009 he had, even showed us E-mails on his blackberry, laughing about it. He also said he got free electric put in because he worked for Ameren even in a flood plain when no one else could get it. I am sure this was passed through to us.

[REDACTED] has also bragged down at the [REDACTED] that he got his son on at [REDACTED] and I know his son gets away with everything, Even stealing. [REDACTED] said his boss [REDACTED] covered it up for him, bragging on the power he had on her and [REDACTED]. Again, why should we have to pay for this and his vacation he gets. From what it sounds he gets four weeks to start, saying the others don't get it. his boss made it happen. Maybe if they didn't overpay new employees more of us could get jobs.

~~I am just sick of this happening and if it is happening with this guy it is happening all over Ameren. All we hear is they need more money!!!!~~

I am a ratepayer feed up with Ameren poor management and the people working for them. I am leaving my name off being afraid of retaliation by Ameren and/or this individual.
