**APPLICATION TO CANCEL
CERTIFICATE OF SERVICE AUTHORITY AND TARIFFS**

COMES NOW ACC National Long Distance Corp. d/b/a/ Vista International Communications ("ACC LD") through its undersigned counsel, and pursuant to 4 CSR 240-2.060, 4 CSR 240-3.560 and §392.410(5), RSMo 2004, respectfully requests the Missouri Public Service Commission ("Commission") to cancel its Certificate of Service Authority and Tariff. In support of its Application, ACC LD states as follows:

1. ACC LD is a Delaware corporation with principal offices located at One AT&T Way, Bedminster, New Jersey 07921. On February 15, 1995, the Commission issued ACC LD a Certificate of Service Authority to provide intrastate interexchange telecommunications services within the state of Missouri in Case No. TA-95-154. On September 29, 1998, the Commission issued an Order in TO-99-64 approving ACC LD's Adoption Notice and its request to change its corporate name to ACC National Long Distance Corp. d/b/a/ Vista International Communications. ACC LD requests that the orders granting its certification, its adoption notice and its name change request be incorporated by reference herein.

2. ACC LD's certificate of authority to do business from the Missouri secretary of state was provided in TA-95-154. Pursuant to 4 CSR 240-2.060(G), ACC LD requests that the certificate and registration be incorporated by reference herein.

3. ACC LD does not currently have any customers in the state of Missouri and, as its business plans have changed, ACC LD no longer intends to provide telecommunications service in Missouri. Accordingly, ACC LD customer notification is not necessary and there is no customer impact associated with approval of this petition.

4. ACC LD does not have any pending actions, final unsatisfied judgments or decisions against it from any state or federal agency or court which involves customer service or rates, which action, judgment or decision has occurred within three (3) years of the date of the application. ACC LD does not, to the best of its knowledge, have any overdue annual reports or assessment fees.

Public Interest

6. Cancellation of ACC LD's Certificate of Service Authority and tariffs is not detrimental to the public interests. The public will not be harmed by ACC LD's withdrawal because, as stated above, ACC LD does not provide any telecommunications services to customers in Missouri, and thus, no customers will be affected. Furthermore, there are many other alternative telecommunications providers from whom Missouri residents can purchase interexchange telecommunications service.

Relief Requested

7. ACC LD requests that the Commission issue an order canceling its certificate of service authority and canceling its tariffs.

Accordingly, ACC National Long Distance Corp. respectfully requests that the Commission grant the relief requested in this application. ACC LD further requests such other relief as the Commission deems just and proper.

Respectfully submitted,
