Dear Mr. Henderson:

Enclosed is AmerenUE's second quarter 2008 vegetation management report for AmerenUE distribution lines in Missouri. On both worksheets, under the first quarter and second quarter, the number at the bottom of each column in bold is the actual line miles completed between December 31, 2007, and June 28, 2008.

For 2008, AmerenUE has 4,325 distribution line miles scheduled under performance management with our vendors. As of June 28, 2008, 2,098 distribution miles have been completed or 48.5% year to date.

Sincerely,
