Ludgood, Senior Vice President-Global Network Field Operations; April J. Rodewald, Senior Vice President-General Counsel and Secretary; and, Stephen Stine, Senior Vice President-Core Installation and Maintenance;
 - (3) AT&T Missouri is legally, financially, and technically qualified to provide interconnected voice over Internet protocol services;
 - (4) AT&T Missouri is ready, willing, able, and will comply with all applicable state and federal laws and regulations imposed upon providers of interconnected voice over Internet protocol services;
 - (5) AT&T Missouri will charge and collect from its end user customers of interconnected voice over Internet protocol service, and remit to the appropriate authority, fees and surcharges in the same manner as are charged and collected upon end user customers of local
- ex

change telecommunications service and remitted by local exchange telecommunications companies, including but not necessarily limited to:

- (a) Telecommunications programs under section 209.255, RSMo;
- (b) Missouri universal service fund under section 392.248, RSMo;
- (c) Local enhanced 911;
- (d) Any applicable license tax;

(6) AT&T Missouri will remit the annual assessment imposed by the Commission under section 386.370, RSMo;

(7) AT&T Missouri will file, either directly or indirectly through an affiliated competitive local exchange carrier, with the Commission an annual report at a time and covering the yearly period fixed by the Commission;

(8) AT&T Missouri has established a process for handling inquiries from customers concerning billing issues, service issues, and other consumer-related complaints. Consumer complaints may be directed to: Consumer Appeals, 1010 Pine Street, Room 6-E-22, St. Louis, Missouri 63101 (tn: 800-283-6407); and

(9) AT&T Missouri's interconnected voice over Internet protocol service meets the following criteria:

- (a) Enables real-time, two-way voice communications;
- (b) Requires a broadband connection from the user's location;
- (c) Requires Internet protocol-compatible customer premises equipment; and
- (d) Permits users generally to receive calls that originate on the public switched telephone network and to terminate calls to the public switched telephone network.

This concludes my affidavit.
