

**BEFORE THE PUBLIC SERVICE COMMISSION  
OF THE STATE OF MISSOURI**

In the Matter of the Application of Southwestern )  
Bell Telephone Company d/b/a AT&T Missouri )  
for Review and Reversal Of North American ) Case No. \_\_\_\_\_  
Number Plan Thousands-Block Pooling )  
Administrator's Decision to Withhold Numbering )  
Resources )

**AT&T MISSOURI'S APPLICATION AND MOTION FOR EXPEDITED TREATMENT**

COMES NOW AT&T Missouri<sup>1</sup> and respectfully requests that the Commission issue an Order that reviews and reverses the decision of the North American Numbering Plan Thousands-Block Pooling Administrator, NeuStar, Inc. ("NANPA"), to withhold certain numbering resources from AT&T Missouri.

The requested numbering resources are necessary to meet the telecommunications needs of the State of Missouri ("the State") in Lee's Summit. These resources consist of one thousands-block from which 400 consecutive numbers may be drawn that will serve the State's expanding facilities. More specifically, the requested resources consist of one thousands-block from which 400 consecutive numbers may be drawn which are within (1) the 816 NPA, (2) the Lee's Summit rate center, (3) the 607 NXX and (4) the XXXX range of one of the following: 2000-2999, 3000-3999, 4000-4999, or 7000-7999.

In support of this Application, AT&T Missouri states as follows:

1. AT&T Missouri is a Missouri corporation with its principal Missouri office at One AT&T Center, Room 3520, St. Louis, Missouri 63101. It may be contacted at the regular and electronic mail addresses and telephone and facsimile numbers of its attorneys, as set out

---

<sup>1</sup> Southwestern Bell Telephone Company does business in the State of Missouri as AT&T Missouri and will be referred to hereinafter as "AT&T Missouri." AT&T Missouri files this verified Application and motion for expedited treatment pursuant to 4 CSR 240-2.060, 4 CSR 240-2.080(16), 4 CSR 240-37.040 and 47 CFR 52.15(g)(3)(iv).

under the signature block of this Application. AT&T Missouri is authorized to do business in Missouri<sup>2</sup> and its fictitious name is duly registered with the Missouri Secretary of State.<sup>3</sup> AT&T Missouri is a "local exchange telecommunications company" and a "public utility," and is duly authorized to provide "telecommunications service" within the State of Missouri, as each of those phrases is defined in Section 386.020, RSMo 2000.<sup>4</sup>

2. All correspondence, pleadings, orders, decisions, and communications regarding this proceeding should be sent to:

Leo J. Bub  
Robert J. Gryzmala  
Attorneys for Southwestern Bell Telephone Company  
d/b/a AT&T Missouri  
One AT&T Center, Room 3516  
St. Louis, Missouri 63101

3. The State is expanding its services in its location at 600 NE Colbern Road in Lee's Summit, and consequently, is in need of additional numbering resources. A December 30, 2009, letter from Ms. Nancy Bochat, Telecommunications Manager in the State's Office of Administration, Information Technology Services Division, details the specific numbering resources needed by the State. *See*, Exhibit A, attached hereto. As the letter indicates, the State's expansion includes the need to install PRI services, supported by the assignment to the State of 400 consecutive telephone numbers. The State would prefer that the last digit of the NXX not start with a 0, 8 or 9. Exhibit A.

---

<sup>2</sup> In accordance with 4 CSR 240-2.060(1) and (G), a certified copy of Southwestern Bell Telephone Company's Certificate of Good Standing from the Missouri Secretary of State was filed with the Commission on August 15, 2007, in Case No. IK-2008-0044.

<sup>3</sup> In accordance with 4 CSR 240-2.060(1)(E) and (G), a copy of the registration of the fictitious name "AT&T Missouri" was filed with the Commission on July 17, 2007, in Case No. TO-2002-185.

<sup>4</sup> Following its June 26, 2007, Order in Case No. TO-2002-185 allowing Southwestern Bell Telephone, L.P., d/b/a AT&T Missouri, to alter its status from a Texas limited partnership to a Missouri corporation, the Commission approved tariff revisions to reflect the new corporate name, Southwestern Bell Telephone Company d/b/a AT&T Missouri. *See*, Order Granting Expedited Treatment and Approving Tariffs, Case No. TO-2002-185, issued June 29, 2007.

4. AT&T Missouri has researched the available numbering resources in the Lee's Summit rate center which serves the State's Colbern Road location. AT&T Missouri has determined that it has no numbers available to meet the State's needs.

5. As a result of this research, AT&T Missouri requests that the Commission grant it numbering resources consisting of one thousands-block from which 400 consecutive numbers may be drawn which are within (1) the 816 NPA, (2) the Lee's Summit rate center, (3) the 607 NXX and (4) the XXXX range of one of the following: 2000-2999, 3000-3999, 4000-4999, or 7000-7999.

6. On December 31, 2009, AT&T Missouri submitted a Thousands-Block Application Form, Part 1A, for the numbering resources assignment necessary to meet the State's needs. A copy of the Application is attached hereto as Exhibit B. AT&T Missouri completed the Application in accordance with the Industry Numbering Committee's Thousands-Block Pooling Assignment Guidelines and filled out the necessary Months to Exhaust and Utilization Certification Worksheet, a copy of which is attached hereto as Exhibit C.

7. On December 31, 2009, NANPA denied the request on the grounds that AT&T Missouri had not met the utilization and/or months-to-exhaust criteria. A copy of that decision is attached hereto as Exhibit D.

8. AT&T Missouri seeks the Commission's direction to overturn NANPA's decision to withhold numbering resources. This Commission has overturned NANPA's decision to withhold numbering resources in several cases and AT&T Missouri respectfully submits that it should likewise do so here.

9. Under existing procedures, NANPA has asserted that it is required to accept or reject an application for resources based solely on FCC criteria. However, the FCC's March 31,

2000, Order in its Number Resource Optimization docket states that a carrier may challenge a resource denial before the appropriate state regulatory commission and a state commission may choose to affirm or overturn NANPA's decision to withhold numbering resources.<sup>5</sup> Thus, the Commission has the authority to "affirm or overturn the NANPA's decision to withhold numbering resources from the carrier based on its determination of compliance with the reporting and numbering resource application requirements herein."<sup>6</sup> Moreover, the FCC determined that states may overturn NANPA's decision to withhold numbering resources from the carrier where there is a verifiable need for the carrier to satisfy a specific customer request:

We also agree with WinStar that a carrier should be able to get additional numbering resources when there is a verifiable need due to the carrier's inability to satisfy a specific customer request. We therefore clarify that states may also grant relief if a carrier demonstrates that it has received a customer request for numbering resources in a given rate center that it cannot meet with its current inventory.<sup>7</sup>

10. The FCC further explained in its March 31, 2000, Order that a "[c]arrier may demonstrate such a need by providing the state with documentation of the customer request and current proof of the utilization in the rate center" and that states "may grant requests for customers seeking contiguous blocks of numbers."<sup>8</sup> Moreover, although the FCC declined to establish a specific timeframe for states to act on these requests, the FCC indicated "in most instances, 10 business days from receipt of request that the state determines to be sufficiently detailed and complete will be sufficient time to review and act upon safety valve requests."<sup>9</sup>

11. Further, this Application complies with 4 CSR 240-37.040. AT&T Missouri has attached hereto its "Months-to-Exhaust Worksheet" indicating the utilization for the Lee's

---

<sup>5</sup> Report and Order and Further Notice of Proposed Rule Making, In the Matter of Numbering Resource Optimization, CC Docket No. 99-200, March 31, 2000, Appendix A; *see also*, 47 CFR 52.15(g)(3)(iv).

<sup>6</sup> *Id.*

<sup>7</sup> Third Report and Order and Second Order on Reconsideration, In the Matter of Numbering Resource Optimization, CC Docket No. 99-200, et al., December 12, 2001, paragraph 64; *see also*, 47 CFR 52.15(g)(4).

<sup>8</sup> *Id.*

<sup>9</sup> *Id.* at paragraph 66.

Summit rate center encompassing both the preceding six months and projected monthly utilization for the next twelve months. 4 CSR 240-37.040(1)(A)1. *See*, Exhibit C. AT&T Missouri has also attached hereto its most recently-filed FCC Form U1 of Form 502 for this rate center. 4 CSR 240-37.040(1)(A)2. *See*, Exhibit E(HC). Finally, AT&T Missouri attaches copies of its originally-filed request to NANPA (i.e., its Thousands-Block Application Form, Part 1A) and NANPA's denial of that request. 4 CSR 240-37.040(1)(A)3. *See*, Exhibits B and D, respectively. These materials and the instant Application demonstrate a verifiable need for the numbering resources requested herein. In connection with this request, AT&T Missouri has exhausted all other available remedies designed to conserve numbering resources. 4 CSR 240-37.040(1)(A)4.

12. AT&T Missouri has no final unsatisfied judgments or decisions against it from any state or federal agency or court, which involve retail customer service or rates, which action, judgment or decision has occurred within three (3) years of the date of this Application.

13. AT&T Missouri does not have any annual report or assessment fees that are overdue in Missouri.

14. AT&T Missouri seeks expedited treatment and requests that the Commission act on this request within ten (10) business days. The State's December 30 letter states that it needs to activate the 400 numbers which are the subject of this Application in mid-January, 2010. In order to accommodate the State's needs, the Commission must issue its order expeditiously, so that AT&T Missouri will have enough time to file a new request with NANPA for the release of the numbering resources to AT&T Missouri described herein. AT&T Missouri filed this request for expedited treatment as soon as it could have. Specifically, AT&T Missouri filed this

pleading after NANPA rejected AT&T Missouri's request for numbering resources and AT&T Missouri determined that it was not feasible to implement a technological alternative.

WHEREFORE, AT&T Missouri respectfully requests that the Commission overturn NANPA's previous determination in this matter within ten (10) business days, and instruct NANPA to release the numbering resources described herein to meet the telecommunications needs of the State of Missouri.

Respectfully submitted,

SOUTHWESTERN BELL TELEPHONE COMPANY

December 30, 2009

Mr. Jerry Butler  
AT&T  
12851 Manchester Road  
St. Louis, Missouri 63131

Dear Jerry:

The State of Missouri is expanding the services in our location at 600 NE Colbern Road in Lees Summit, MO (64086). With the installation of PRI services, DID services is required to allow for calls to directly reach the individual desks of our employees. Our goal is to maintain the current 5-digit dialing pattern and therefore we are requesting 400 consecutive telephone numbers for this location.

We were advised today that there are not number available for assignment from this particular office hence the reason for this request. We would prefer that the last digit of the NXX would not start with a 0, 8 or 9.

We need to activate these 400 DID numbers in mid January 2010 to fulfill the long term requirements. AT&T is our chosen service provider and we understand that they will have to escalate this request for the new numbers to the state utility commission. It is important that we know quickly on this request because of the planned turn up date.

Sincerely,

A handwritten signature in cursive script that reads "Nancy Bochat".

## Thousands-Block Application Form Part 1A

---

**Instructions for filling out each Section of the Part 1A form:**

Section 1.1 Contact information requires that Service Providers supply under “Block Applicant” the company name, company headquarters address, a contact within the company, an address where the contact person may be reached, in addition to the correct phone, fax, and e-mail address. The Pooling Administrator section also requires the Service Provider to fill in the Pooling Administrator’s name, address, phone, fax and e-mail.

Section 1.2 Service Providers who need a thousands-block assignment or for an Location Routing Number (LRN) are required to fill in this section. If needed for an LRN, a CO Code Application needs to also be submitted to the PA. The Service Provider should supply the Numbering Plan Area (NPA); the Local Access Transport Area (LATA), which is a three-digit number that can be found in the Telcordia™ LERG™ Routing Guide. The Operating Company Number (OCN) assigned to the service provider and the OCN its parent company. An OCN is a four-character alphanumeric assigned by Telcordia™ Routing Administration (TRA). In addition, the number of thousands-blocks requested should be supplied. The Switch Identification as well as the city or wire center name, rate center, rate center sub zone, homing tandem and CLLI™ tandem of the facilities based provider<sup>ix</sup>. Explanations of these terms may be found in the footnotes.

Section 1.3 The date the Service Provider completes the application should be entered in this section, as well as the Effective Date of the requested thousands-block.

Section 1.4 Service Providers should indicate their type, e.g., local exchange carrier, competitive local exchange carrier, interexchange carrier, CMRS. They also indicate the primary type of business in which the numbering resource is to be used. Service Providers also may indicate their preference for a particular thousands-block, e.g., 321-9XXX, or indicate any thousands-blocks that may be undesirable, e.g., 321-6XXX.

Section 1.5 Service Providers indicate the type of request. Initial requests are for first applications for thousands-blocks in a rate center, growth for additional thousands-blocks in a rate center in which the applicant already has numbering resources, and provide the required evidence as ordered by the FCC.

The thousands-block applicant certifies veracity of this form by signing their name, and providing their title and date.

Foot Notes:

---

<sup>i</sup> Identify type of and reason for change(s) in Section 1.5.

<sup>ii</sup> The Pool Administrator is available to assist in completing these forms.

<sup>iii</sup> A CO Code application will also need to be submitted to the PA

<sup>iv</sup> Operating Company Number (OCN) assignments must uniquely identify the applicant. Relative to CO Code assignments, NECA-assigned Company Codes may be used as OCNs. Companies with no prior CO Code or Company Code assignments should contact NECA (800 524-1020) to be assigned a Company Code(s). Since multiple OCNs and/or Company Codes may be associated with a given company, companies with prior assignments should direct questions regarding appropriate OCN usage to (TRA) (732-699-6700).

<sup>v</sup> This is an eleven-character descriptor of the switch provided by the owning entity for the purpose of routing calls. This is the 11 character CLLI™ code of the switch /POI.

<sup>vi</sup> Rate Center name must be a tariffed Rate Center.

<sup>vii</sup> Acknowledgment and indication of disposition of this application will be provided to applicant within seven calendar days from the date of receipt of this application. An incomplete form may result in delays in processing this request.

<sup>viii</sup> Please ensure that the NPA-NXX of the LRN to be associated with this block(s) is/will be active in the PSTN prior to the effective date of the block(s).
