NOTICE OF COMMUNICATION

Issue Date: June 4, 2013

On May 28, 2013, Cary Featherstone, PSC Staff member in the Commission's Kansas City Office at 615 East 13th Street, Kansas City, Missouri, received in excess of 1,000 signed petitions from Carol Habig and David Mitchell, representatives of the Missouri Chapter of the Sierra Club. The petitions are signed by Missouri residents through the Sierra Club and addressed to Commissioner William P. Kenney. On June 4, 2013, Mr. Featherstone delivered, in person, the petitions to Commissioner Kenney's office in Jefferson City, Missouri on June 4, 2013. The Sierra Club had been invited to make a presentation in an open agenda but instead delivered the petitions to the Kansas City Office.

Attached is the notice of a receipt signed by Mr. Featherstone, a copy of which was provided to the Sierra Club at the time of delivery, as well as a sample of the signed petitions. A copy of the signed petitions would expose personal information received by the Commission and will not be included in this filing, pursuant to Section 386.480, RSMo. The original petitions will be retained in the Commission's Data Center or later scanned into the Commission's EFIS system at the Commission's discretion. These documents are being filed in each case in which KCP&L and KCP&L GMO is a party, including the above-referenced case numbers and being mailed to Mr. Harry Alper, Organizer of the Sierra Club to show receipt of the communication.

Respectfully submitted,

William P. Kenney, Commissioner

Dated at Jefferson City, Missouri,
on this 4th day of June, 2013.

Today, May 28, 2013, I am in receipt of in excess of 1,000 petitions signed by Missouri residents through the Sierra Club addressed to Commission William P. Kenney of the Missouri Public Service Commission. I received these petitions from Carol Habig and David Mitchell of the Missouri Chapter of the Sierra Club. My name is Cary Featherstone, Staff member of the Commission. I have committed to deliver to Commission Kenney at his Commission office in Jefferson City, Missouri no later than June 5, 2013.

Commissioner William P. Kenney,
Missouri Public Service Commission

Utilities across the state are raising their rates.
Now is the time for KCP&L to invest in energy
efficiency so that customers can use less energy and lower their bills.

Energy efficiency is the least-cost and least-risk energy resource for
KCP&L. I ask you to encourage KCP&L to pursue all cost-effective
efficiency to keep rates affordable and reduce air pollution.

Missourians deserve energy efficiency and the financial savings,
environmental benefits, and local jobs that it provides.
