

**BEFORE THE PUBLIC SERVICE COMMISSION  
OF THE STATE OF MISSOURI**

In the matter of Missouri-American	)	
Water Company's Infrastructure	)	Case No.
System Replacement Surcharge (ISRS).	)	

**MAWC'S NOTICE OF INTENDED CASE FILING**

COMES NOW Missouri-American Water Company ("MAWC"), pursuant to Commission Rule 4 CSR 240-2.020, files this Notice of Intended Case Filing and respectfully states as follows to the Missouri Public Service Commission ("Commission"):

1. MAWC is a Missouri corporation with its principal office and place of business at 727 Craig Road, St. Louis, Missouri 63141. MAWC is a Missouri corporation in good standing. A Certificate of Good Standing from the Office of the Missouri Secretary of State was filed in Commission Case No. WM-2001-309 and is hereby incorporated by reference in accordance with Commission rule 4 CSR 240-2.060 (1)(G). MAWC currently provides water service to the public in and around the cities of St. Joseph, Joplin, Brunswick, Mexico, Warrensburg, Parkville, Riverside, Jefferson City, and parts of St. Charles, Platte, Warren and Lincoln Counties Missouri, and most all of St. Louis County, Missouri. MAWC currently provides water service to approximately 451,800 customers. MAWC provides sewer service to approximately 1,200 customers near Parkville, Cedar Hill and Warren County, Missouri. MAWC is a "water corporation" and a "public utility" as those terms are defined in Section 386.020 and 393.1000 (7) RSMo. 2000, and is subject to the jurisdiction and supervision of the Commission as provided by law.

2. Commission Rule 4 CSR 240-4.020(2) provides, in part, as follows:

Any regulated entity that intends to file a case likely to be a contested case shall file a notice with the secretary of the commission a minimum of sixty (60) days prior to filing such case. Such notice shall detail the type of case and issues likely to be before the commission.

3. It is MAWC's intent to file a petition, within the next 120 days or shortly thereafter, requesting an adjustment to its rates and charges through a change to its Infrastructure System Replacement Surcharge ("ISRS") rate schedule to provide for the recovery of costs for infrastructure system replacements and relocations eligible for ISRS recognition. The proposed ISRS rate schedule should reflect the appropriate pre-tax ISRS revenues necessary to produce net operating income equal to MAWC's weighted cost of capital multiplied by the net original cost of the requested infrastructure replacements which are eligible for the ISRS, including recognition of accumulated deferred income taxes and accumulated depreciation associated with the aforesaid infrastructure system replacements. MAWC also seeks to recover all state, federal and local income or excise taxes applicable to such ISRS income and to recover all other ISRS costs such as depreciation expense and property taxes due within 12 months of its filing. Given the Commission's routine suspension of tariff filings in ISRS proceedings, and the statutory requirement that a hearing be held after such a suspension, it is likely that this proceeding will become a "contested case" within the meaning of Section 536.0101(4) RSMo. As adopted in 4 CSR 240-4.020(1)(C). If it does become a contested case, issues likely to be before the Commission may involve the eligibility of infrastructure system replacement and other related matters.

WHEREFORE, MAWC submits to the Commission and its Secretary this Notice of

Intended Case Filing. MAWC requests such relief as the Commission deems just and proper under the circumstances.

Respectfully Submitted,

John J. Reichart  
Corporate Counsel  
Missouri-American Water Company
