APPLICATION TO INTERVENE FOR CITY OF RIVERSIDE, MISSOURI

COMES NOW, the City of Riverside, Missouri ("Riverside"), a fourth class city, by and through undersigned counsel and pursuant to 4 C.S.R. 240-2.075 of the Rules of Practice and Procedure, and respectfully applies to intervene as a party in the above-referenced case. In support of this application, Riverside offers the following suggestions in support thereof:

1. Riverside is a fourth class city located in the County of Platte, State of Missouri, and as such is a customer within the Platte County service area of Missouri-American Water Company ("MAWC"), as are the citizens and businesses of Riverside whose health, safety and welfare interests it would also represent in this case. The City has a police power interest in MAWC's exercise of its duties and obligations that is different from the interest of the general public. In addition, the City also has an interest in the welfare of its citizens, who receive their water service from MAWC, which is different from the interest of the general public. The City Hall is located at 2950 NW Vivion Road, Riverside, MO 64150.

2. The Missouri Public Service Commission has previously recognized Riverside's interest in proceedings affecting the rates for water service in the MAWC Platte County District in permitting Riverside's intervention in prior MAWC rate-related proceedings, including File No. WR-2010-0131, File No. WR-2011-0337 and File No. WR-2015-0301.

3. All communications, correspondence, orders, decisions and pleadings in this docket should be directed to:

Telephone: (573) 634-8116
Facsimile: (573) 634-8140

4. This case arose when MAWC submitted a tariff designed to implement a general rate increase for its water and sewer service. On July 5, 2017, the Commission issued an Order Directing Notice, Consolidating Cases, Establishing Deadlines, and Setting Procedural Conference directing that interested parties wishing to intervene must do so on or before July 25, 2017. This application is therefore timely.

5. Riverside seeks to intervene in this rate case proceeding. Riverside is interested in the impact of any decisions in this proceeding on behalf of itself and its residents and businesses. It desires to participate fully in this proceeding including hearing and the briefing of the issues.

6. At this time, Riverside is reviewing MAWC's direct testimony and initial pleadings, and is uncertain of the position it will take in this matter.

7. The granting of the proposed intervention would serve the public interest.

8. Riverside's interests are different from those of the general public and cannot be adequately represented by any other party, and it will serve the public interest if Riverside is permitted to intervene to protect its interests.

WHEREFORE, for the foregoing reasons, Riverside, Missouri, respectfully requests that the Commission grant its Application to Intervene in this matter, and thereby entitle the City to

have notice and to appear at the taking of testimony, to produce and cross-examine witnesses and to be heard on the arguments, and in all other respects fully participate in this proceeding.

Respectfully submitted,

/s/ Joseph P. Bednar, Jr.
