3. Alltel currently provides telecommunications services to members of the public located in those areas certificated to it by the Commission. communications services, are providing those services within the Doniphan Exchange of Alltel Missouri, Inc. **Attachment A** of this Notice provides information from the official company websites of United States Cellular Corporation and Cingular Wireless that those service providers have a retail presence in the Alltel Missouri, Inc. Doniphan Exchange area, where customers can purchase commercial mobile telephone services provided by United States Cellular Corporation and Cingular Wireless. 5. Section 392.245.2 states:

A large incumbent local exchange telecommunications company shall be subject to regulation under this section upon a determination by the commission that an alternative local exchange telecommunications company has been certified to provide basic local telecommunications service and is providing such service in any part of the large incumbent company's service area. A small incumbent local exchange telecommunications company may elect to be regulated under this section upon providing written notice to the commission if an alternative local exchange telecommunications company has been certified to provide basic local telecommunications service and is providing such service, or if two or more commercial mobile service providers providing wireless two-way voice communications services, are providing services, in any part of the small incumbent company's service area, and the incumbent company shall remain subject to regulation under this section after such election. (*emphasis added.*)

6. Alltel hereby exercises its statutory right to elect to be regulated under Section 392.245 by providing written notice to the Commission since "two or more commercial mobile service providers providing wireless two-way voice communications services, are providing services, in any part of the small incumbent company's service

area." *Id.* Alltel will remain subject to regulation under Section 392.245 after the filing of this Notice of Election. No further action of the Commission is required to effectuate Alltel's election in this proceeding.

**WHEREFORE**, Alltel Missouri, Inc. hereby provides the Commission with written notice of its election to be price cap regulated, pursuant to Section 392.245, RSMo Supp. 2005, commencing on the date of this filing.

Respectfully submitted,
