Simone Bernstein *St. Louis*

At 12, Simone was frustrated when she couldn't find youth volunteer opportunities. Now at 21, she's a full-time volunteer at volunTEENnation.org, the national website she founded to help kids ages 10-17 find volunteer opportunities. To date Simone has mobilized and activated more than 26,500 youth throughout the nation through the website.

Chalana Ferguson *Florissant*

Chalana saw a need in her community, and true to her nature, she took action, founding Saint Louis F.O.R.C.E Athletics to enhance girls' athletic ability and promote character development, leadership skills, self-esteem, academic success and social responsibility. All Submissions must be received by 11:59 a.m. CT on December 30, 2013 to be considered. Any Submissions received after the Contest Period will be considered ineligible for participation. - contains any personal identification, such as license plate numbers, personal names, e-mail addresses or street addresses (except information duly authorized by an Eligible Nominee)
- contains copyrighted materials owned by others (including photographs, sculptures, paintings, and other works of art or images published on or in websites, television, movies or other media), without permission;
- contains materials embodying the names, likenesses, or other indicia identifying any person, including, without limitation, celebrities and/or other public or private figures, living or dead, without permission;
- contains look-alikes of celebrities or other public or private figures, living or dead;
- communicates messages or images inconsistent with the positive images and/or good will to which Sponsor wishes to associate; and/or
- violates any law.

Your Submission must be your original work, may not have been previously published, may not have won previous prizes or awards, and must not infringe upon the copyrights, trademarks, rights of privacy, publicity or other intellectual property or other rights of any person or entity. If the Submission contains any materials or elements that are not owned by you, and/or which are subject to the rights of third parties, you are responsible for obtaining, prior to submission of the Submission, any and all releases and consents necessary to permit the use and exhibition of the Submission by Sponsor in the manner set forth in these Official Rules, including, without limitation, name and likeness permissions from the Eligible Nominee and any person who appears in or is identifiable in the Submission. Sponsor reserves the right to request proof of these permissions in a form acceptable to Sponsor at any time. Failure to provide such proof may, if requested, render your Submission null and void.

JUDGING PHASE: All eligible Submissions received by Sponsor will be judged by a panel of qualified judges, selected by the Sponsor, in its sole discretion, based on the following criteria: Creativity (50%); the portrayal of the Eligible Nominee and his or her impact on his or her community (50%) (the "Judging Criteria"). The five (5) Submissions receiving the highest total scores will be deemed the potential "Winning Submissions." The Eligible Nominees nominated in such Winning Submissions will be deemed potential "Winning Nominees" and the Organizations associated with the Winning Submissions will be deemed potential "Winning Organizations." The five (5) Submissions receiving the 6th through 10th highest total scores will be deemed the potential "Runner-Up Submissions." The Nominees nominated in such Runner-Up Submissions will be deemed the potential "Runner-Up Nominees" and the Organizations associated with the Runner-Up Submissions will be deemed potential "Runner-Up Organizations." In the event of a tie, an additional, "tie-breaking" judge determined by Sponsor

will judge the tied Submissions based on the Judging Criteria to determine the potential Winning Submission or potential Runner-Up Submission. A potential Winning Nominee need not select the Organization described in a Winning Submission but may select another Organization so long as such other Organization is an Eligible Charity. Winning Nominees and Winning Organizations may be collectively referred to hereafter as the "Winners." Notwithstanding the judges' determinations, Sponsor reserves the right to select fewer than five (5) potential Winning Submissions and fewer than five (5) potential Runner-Up Submissions, in its sole discretion, if it does not receive a sufficient number of eligible and qualified Submissions. Awards are subject to verification of eligibility and compliance with these Official Rules. Eligibility and compliance will be determined by Sponsor in its sole discretion. The judges' names will not be released to the public.

WINNER NOTIFICATION: Potential Winning Nominees and Potential Runner Up will be notified by telephone, mail and/or email and will be required to complete an Affidavit of Eligibility, Liability and Publicity Release (unless prohibited by law) and any other documents required by Sponsor, which must be returned and postmarked or received by e-mail within three (3) business days of date of award notification. At the same time as he or she returns the Affidavit of Eligibility, Liability and Publicity Release and other documents required by Sponsor, a potential Winning Nominee and potential Runner Up must submit in writing the name of the potential Winning Organization he or she wishes to select. As noted elsewhere in these Official Rules, any potential Winning Organization is subject to Sponsor's approval. An authorized representative of each potential Winning Organization will be notified by telephone, mail and/or email, and such authorized representative will be required to complete an Affidavit of Eligibility, Liability and Publicity Release (unless prohibited by law) and any other documents required of the applicable potential Winning Organization by Sponsor, which must be returned within three (3) business days of date of award notification. Return of the award notification as undeliverable, failure to sign and return requested documentation within the specified time period, the inability of Sponsor to contact a potential Winning Nominee or potential Runner Up or an authorized representative of a potential Winning Organization within a reasonable time period, noncompliance with these Official Rules by a potential Winner or potential Runner UP, or refusal of the award will result in disqualification and, at Sponsor's sole discretion, the award, in the case of a potential Winning Nominee, may be awarded to a runner-up and, in the case of a potential Winning Organization, another Eligible Charity.

Re: Ameren Missouri Facebook Content Calendar: January 2013

Following you will find the recommended January content calendar for Ameren Missouri's Facebook page.

Our strategy of posting 2-3 short posts per week has been successful, so we will continue this practice in January. We will also leverage our brand assets wherever possible and use photos with each post to keep the content engaging for our fans.

As the *ActOnEnergy* program launches, we will adjust our posting accordingly, providing new status updates and content as available – starting with support of the teaser campaign.

CONTENT CALENDAR

A preliminary breakdown of baseline activity is detailed in the following grid. Additionally, any opportunistic posts would be swapped with scheduled posts, and we have included a couple of alternate posts should the brand prefer to swap these out for the current recommendations.

In addition to *ActOnEnergy* messaging, we will continue to provide Ameren Missouri Facebook fans with links to exciting and helpful Ameren content, relevant Ameren Missouri photos and interactive questions. Please also note that we'll tweak messages to promote the Rams Community Day should it take place in January.

Additionally, please let us know if there are other programs we can help promote on Facebook. We can revise our recommended content based on those programs' needs.

Ameren Missouri ActOnEnergy Tweet-Up Event Recap April

5 of 174

FOCUSED ENERGY. For life.

Tweet-Up Defined

On March 27, Missouri Communication hosted a tweet-up with the St. Louis Blues to educate customers about *ActOnEnergy*. The event was held at Pi Pizzeria from 5-8pm.

A tweet-up is an organized face-to-face meet-up of people engaged on Twitter. It allows consumers active on the social platform to meet and mingle in person and, through tweet-ups, companies are given a captive, socially active audience for sharing messages in real time.

Attendees are mostly drawn from Twitter (and sometimes Facebook) through the promotion of the event (by hosts and participants) and are expected to tweet using a specific hashtag, live and on-site (hence the name, tweet-up). You are able to track tweet-up tweets when a specific hashtag is assigned to the event (*#ActOnEnergy*). The more tweets generated during this time, the merrier.

This event helped Ameren Missouri share *ActOnEnergy* news and program information directly with customers, in a warm, friendly and fun environment.

Our Tweet-up Goals

- Drive customer excitement and engagement around the Ameren Missouri *ActOnEnergy* programs, encouraging them to visit ActOnEnergy.com for more information
- Provide a positive, friendly experience for customers to see Ameren Missouri in a positive light (by leveraging St. Louis Blues sponsorship as a way to reach them)
- Educate customers on the opportunities to manage their energy usage through specific *ActOnEnergy* Programs
- Secure the following:
 - 5 -10 media placements/stories about the event (TV, radio and online)
 - Generate 200 tweets using #ActOnEnergy hashtag
 - 50 - 75 attendees

FOCUSED ENERGY. For life.
